I-PURE Salt Chlorine Generator

SCG25K & SCG40K

INTERMATIC®

SCG25K and SCG40K
Salt Chlorine Generator

Silky Smooth Water, Lasting Savings

Upgrade your pool and spa experience with a cost-saving I-PURE Salt Chlorine Generator from Intermatic. Our easy-to-operate solution eliminates the need for expensive chlorine tablets while providing dependable, luxurious water sanitation.

Intermatic SCG25K (25,000-gallon) and SCG40K (40,000-gallon) solutions offer lasting savings and fit a wide variety of backyard pool and spa needs. Each system includes a power center, cell, flow switch, acid cleaning kit, and installation hardware.

Features and Benefits

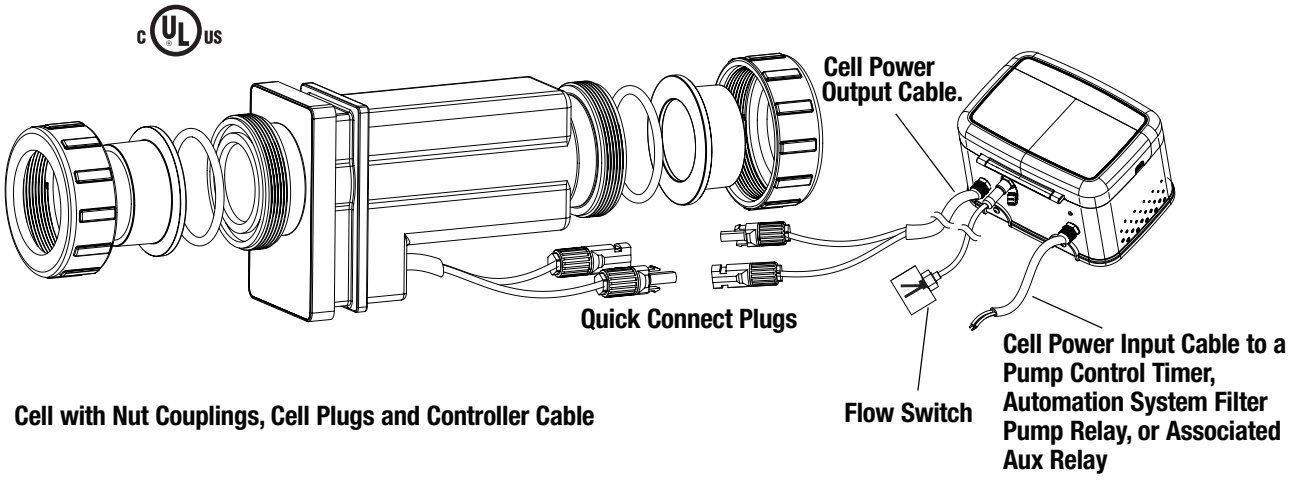
- **No-Mess Water Sanitation** – Trade the foul-smelling chlorine tablets that are traditionally used in residential pools for a modern soft water experience via salt water chlorination.
- **Best-in-Class Performance** – I-PURE delivers higher chlorine output compared to competing solutions and saves money by not needing to buy expensive chlorine.
- **Easy Maintenance** – I-PURE uses a clear plastic cell design. No more guessing whether the cell needs to be cleaned.
- **Limited Warranty** – I-PURE salt chlorine system is backed by a standard 2-year limited warranty.

Applications:

• Residential pools and spas • Condominiums/shared pools • Vacation rental properties

Specifications:

Input Voltage: 0.7-1.4 A, I-PURE uses a dual voltage 120/240 VAC, 50/60 Hz auto-sensing transformer
Polarity Reversing Times (self-cleaning): 4 to 10 Hours (adjustable)
Chlorine Output:
SCG25K 1.15 lbs/24 hr (for pools up to 25,000 gallons)
SCG40K 1.65 lbs/24 hr (for pools up to 40,000 gallons)
Chlorine Production: I-PURE continues to make chlorine in high and low salt conditions
Blade Construction: Titanium coated with ruthenium oxide; center blade uses commercial 15,000-hour coating for extra durability
Certifications: I-PURE is cULus certified



Cell with Nut Couplings, Cell Plugs and Controller Cable
