WILDFIRE PREPAREDNESS

QUICK TIPS

- **Protect your home and create a plan**
- **Prepare people and pets for evacuation**
- **Evacuate when told and do so safely**

Emergency Network Los Angeles

Voluntary Organizations Active in Disaster for LA County

READY!

PROTECT HOME AND CREATE A PLAN

- Harden home, create defensible space
- Use fire resistant plants and materials
- Move combustible materials at least 5 ft. away from exterior of home
- Clear leaves and debris from roof, gutters, and home perimeter
- Create a **Wildfire Action Plan** for your household detailing evacuation routes, emergency contacts, and safety procedures

SET!

PREPARE FOR EVACUATION

- Pack your family's **Go Bag** including essentials like cash, water, food, medications, laptop, valuables, ID and other important documents (insurance, property, vehicle, bank, utility bills)
- Prepare entire family for evacuation, including pets, equine, and livestock
- Keep vehicle fueled and devices charged
- Map out multiple evacuation routes and park vehicle facing street
- Remove flammable items (drapes, firewood)

GO!

EVACUATE SAFELY

- Monitor emergency alerts and updates from trusted sources
- Turn off gas and HVAC, close all windows and doors, leave lights on
- Ensure firefighters have easy access to your property
- Assist vulnerable household members and neighbors
- Follow evacuation routes and directions from officials
- Go to your designated meeting location if separated
