Bonus Question

King David was more than a king. He was a priest and a prophet as well.

1. Find a verse where he prophesied about Yahusha in the book of Psalms.

If He prophesied about Yahusha, then his Psalms about the Torah are still true today.

2. Provide a Psalms that speaks of the Torah.

Seeing what you provided in the first two questions, how can you use your understanding and reasoning to demonstrate to a Christian that it's impossible for the Torah to be done away with? (think on how you can show reason through questioning). This is strictly a thought-provoking question.
