Mail applications/payments to
3131 East 23rd St, Granite City IL 62040

Location of Camp:
2242 Bass Road Cuba MO

Camp Moriah Worker/Staff Expectations
1. All workers/staff must be born again Christians.
2. Workers who need to leave camp during the week for any reason must get permission from the Camp Director. If the worker is a counselor and has a group, someone needs to be available to be with your group before permission to leave is granted.
3. No camp worker should smoke or consume alcoholic beverages at any time on camp property (this includes vapes and e-cigarettes).
4. No worker should allow any camper to use their phone for any reason. If a camper needs to make a phone call home, please direct them to the office.
5. Conduct and speech should reflect Christian principles at all times. As adults, the campers will be looking to us as an example of what is acceptable. Please refrain from any vulgar language, using suggestive joking, pranking of campers or other staff, and disrespect towards anyone on the campground.
6. All workers who attend the evening services are expected to participate in setting the atmosphere for a move of God. Please help keep the sanctuary a place of peace and prayer for an hour prior to service. During service, we expect the workers to be observant of the behaviors of the campers so that there is no disruption causing a distraction to those needing to receive from God. During alter calls we need workers to be present in the alter areas praying and

interceding with the campers, as well as some observing the seated areas so that there is no horseplay while campers are in the alters.
7. All group leaders/counselors will have a devotion time each day with their group. You have leeway to conduct this devotion time as you feel led, as long as it is lining up with the Word of God. Group discussions are encouraged during devotion time, but please keep control over an open discussion time so it doesn't get off course. Make this devotion time an opportunity for the campers to learn, process, and grow in their relationship with God.
8. There will be campers who come with views and beliefs that are not in conjunction with the Word of God. As staff, we are here to help guide them into what the Bible says about their lives. If a camper comes to any worker with a problem, and that worker is unsure how to lead and direct that camper, please do not dismiss the camper or give them advice you are unsure of. Find another worker to help you lead that camper to the answers they need.
9. If you have medications, please keep them away from the access of the campers. If you have medications that need locked up, please keep those in the nurse station. Under no circumstances should a counselor give a camper any medication. If a camper needs medication or treatment, please send them to the nurse for treatment.
10. Pray for your campers, workers, and fellowship. These kids are depending on us! Be a listener, a teacher, a momma, a daddy, a mentor, and a friend!!
