We're dedicated to providing decision makers with the right fire & life safety solutions, products, and services to meet your specific needs – now and in the future! With Siemens Customer Choice, you can select from our Desigo® Fire Safety and Cerberus® PRO portfolios for the system performance and service that's perfect for you.

Desigo
Desigo is the complete portfolio delivered by Siemens branches offering a total building solution. Desigo offers a comprehensive portfolio of fire panels, detection, mass notification, and integrated building management systems that create an intelligent infrastructure to protect your building and its occupants. It provides the right systems, solutions, and platforms to meet your comfort, security, and life safety needs for any application.

Cerberus PRO
Cerberus PRO is the complete dedicated portfolio available from Siemens Solution Partners in the UL Fire & Life Safety market. Cerberus offers a comprehensive portfolio of fire panels, detection, and Cerberus DMS management stations which meet the needs of small-to-large or simple-to-complex applications.

Key Benefits

- Siemens Customer Choice allows you to find the right service provider now and in the future!
- Siemens creates choices so that engineers can specify for performance and focus on life safety.
- End-user Training & Licensing allows owners to take over their system as needed.
- All technicians are Siemens Technology Certified, which allows them to install, service, and expand both Desigo and Cerberus PRO systems.
