FUCKULENT MURDERERS

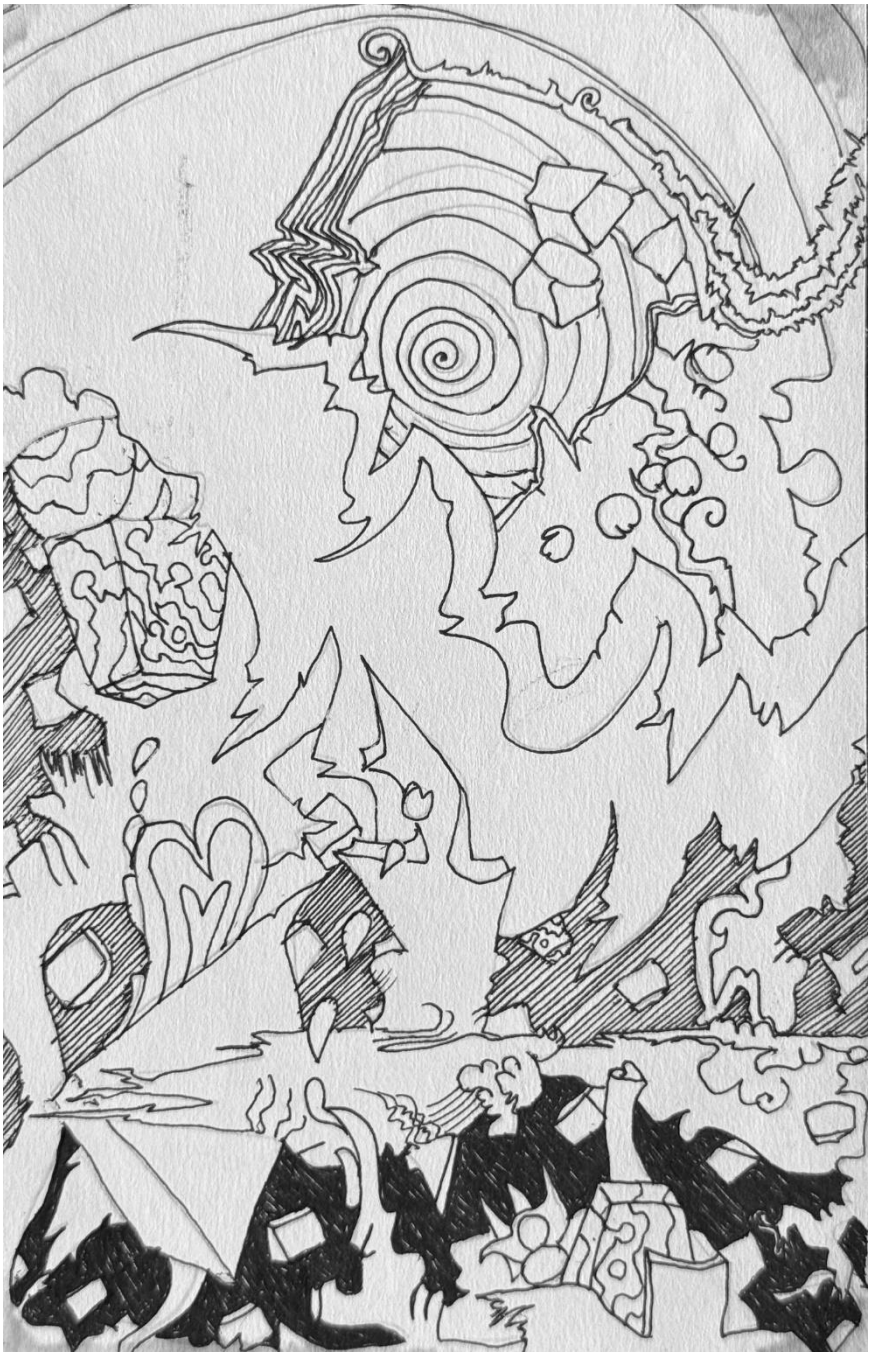
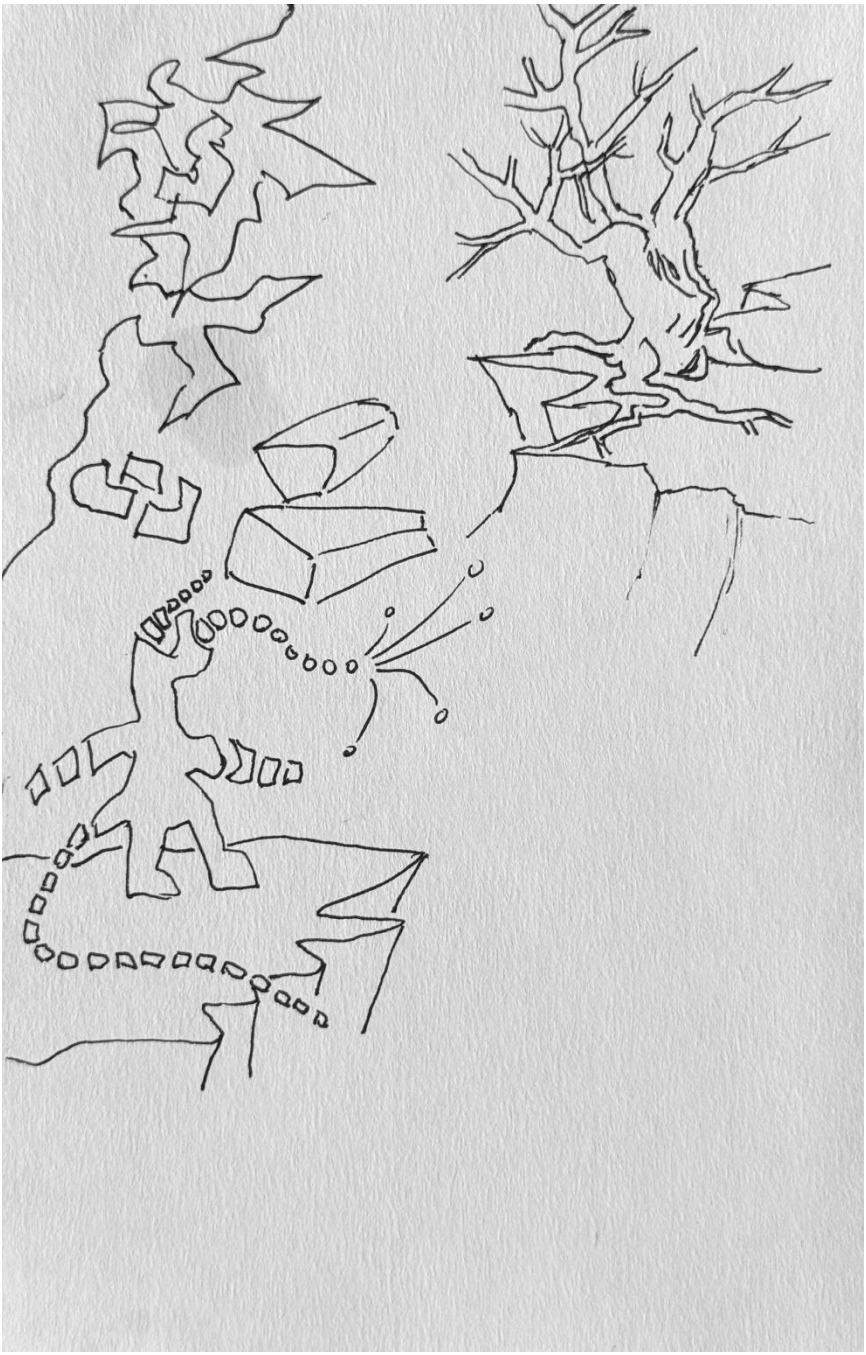
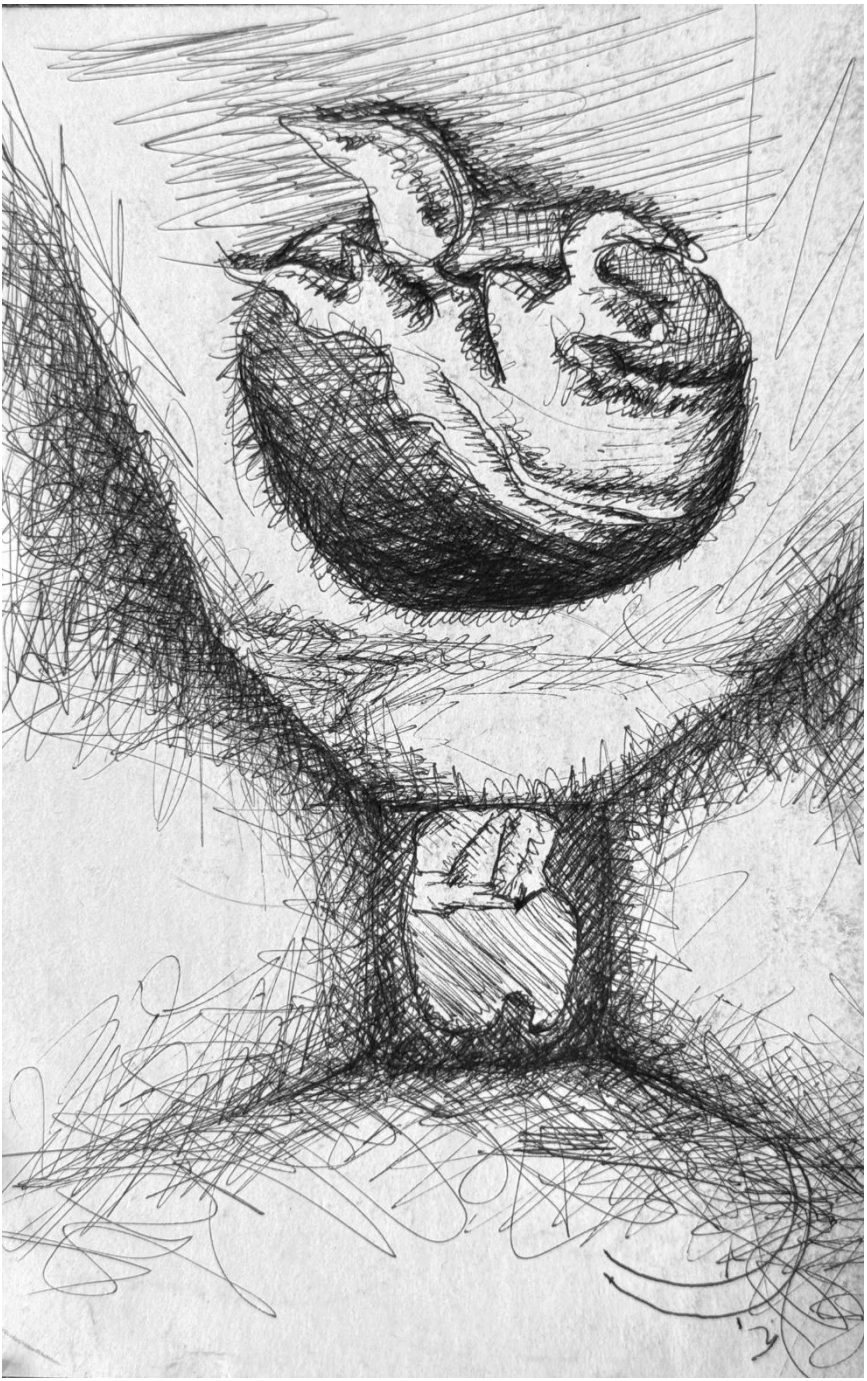
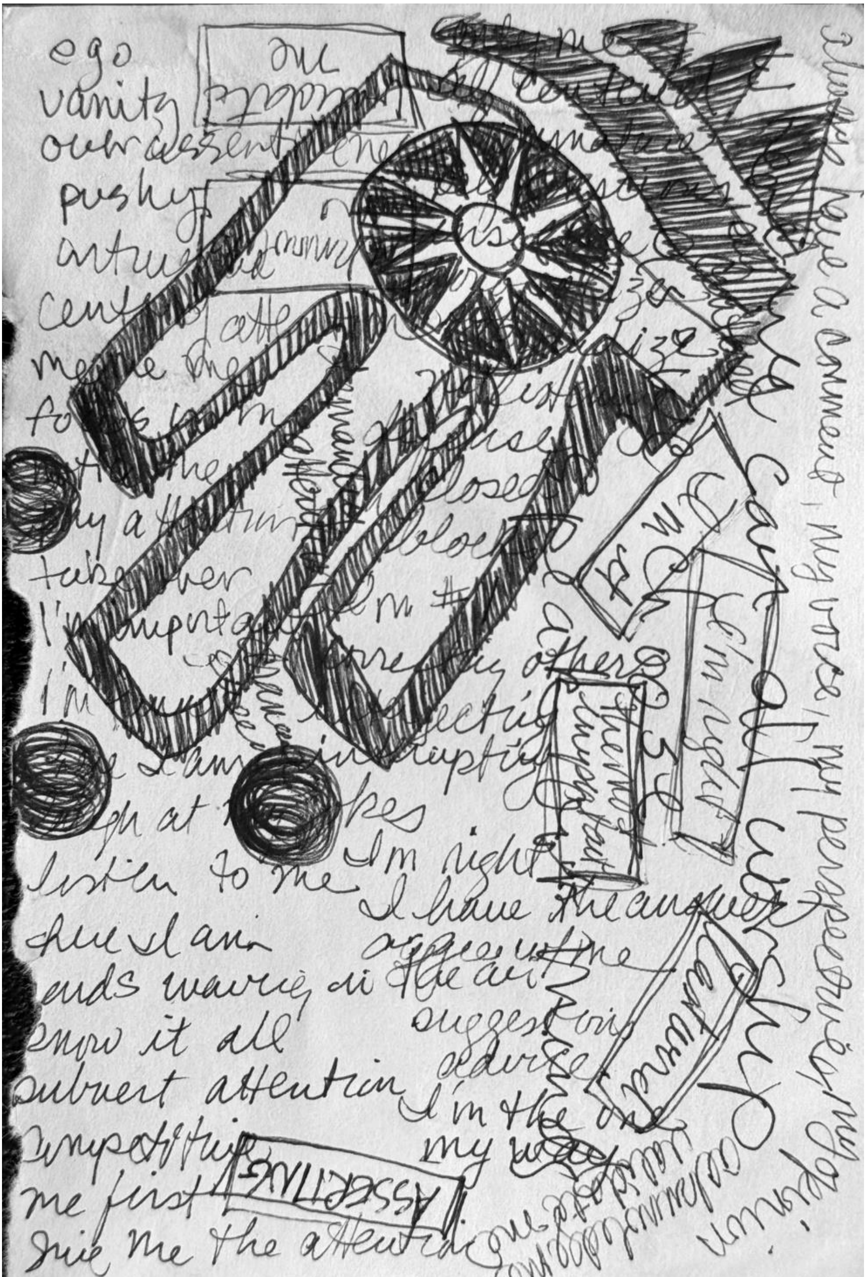
NAMES AND ADDRESSES TELEPHONE

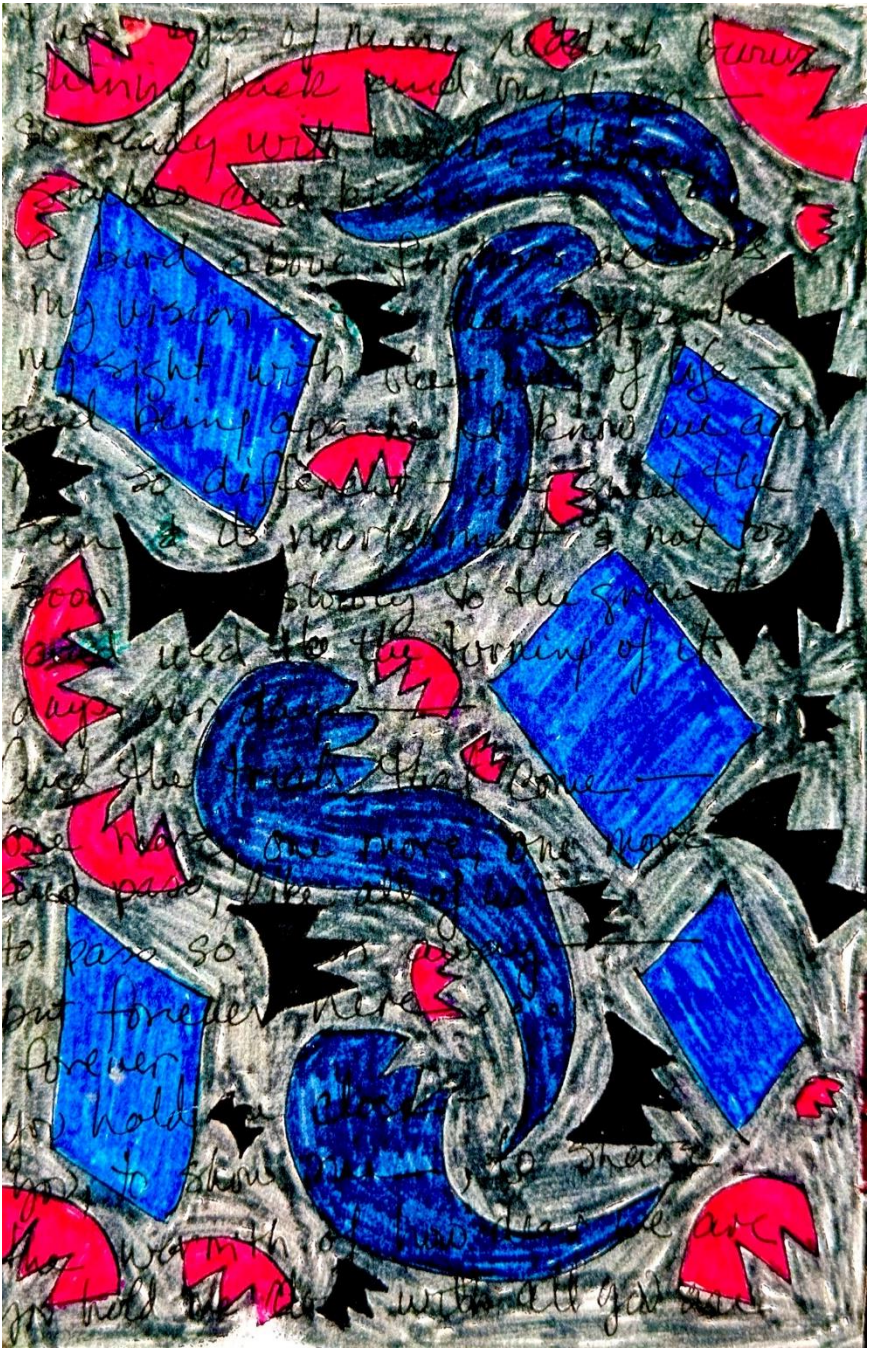


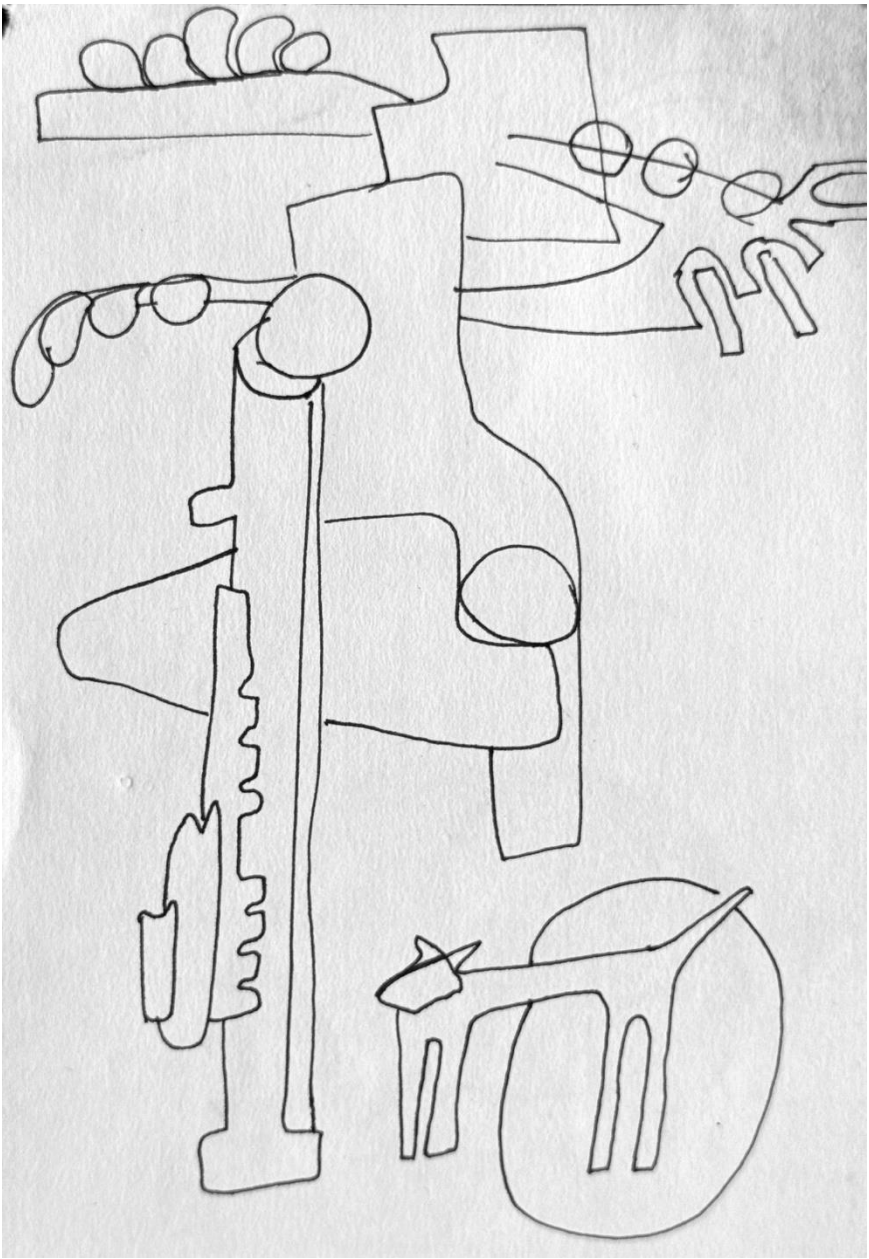






ego
vanity
pushy
take over
listen to me
I'm right
I have the answer
ends waving in the air
know it all
suggestion
advice
subvert attention
I'm the one
my way
me first
ASSERTIVE
give me the attention
always have a comment, my voice, my perspective, my opinion.

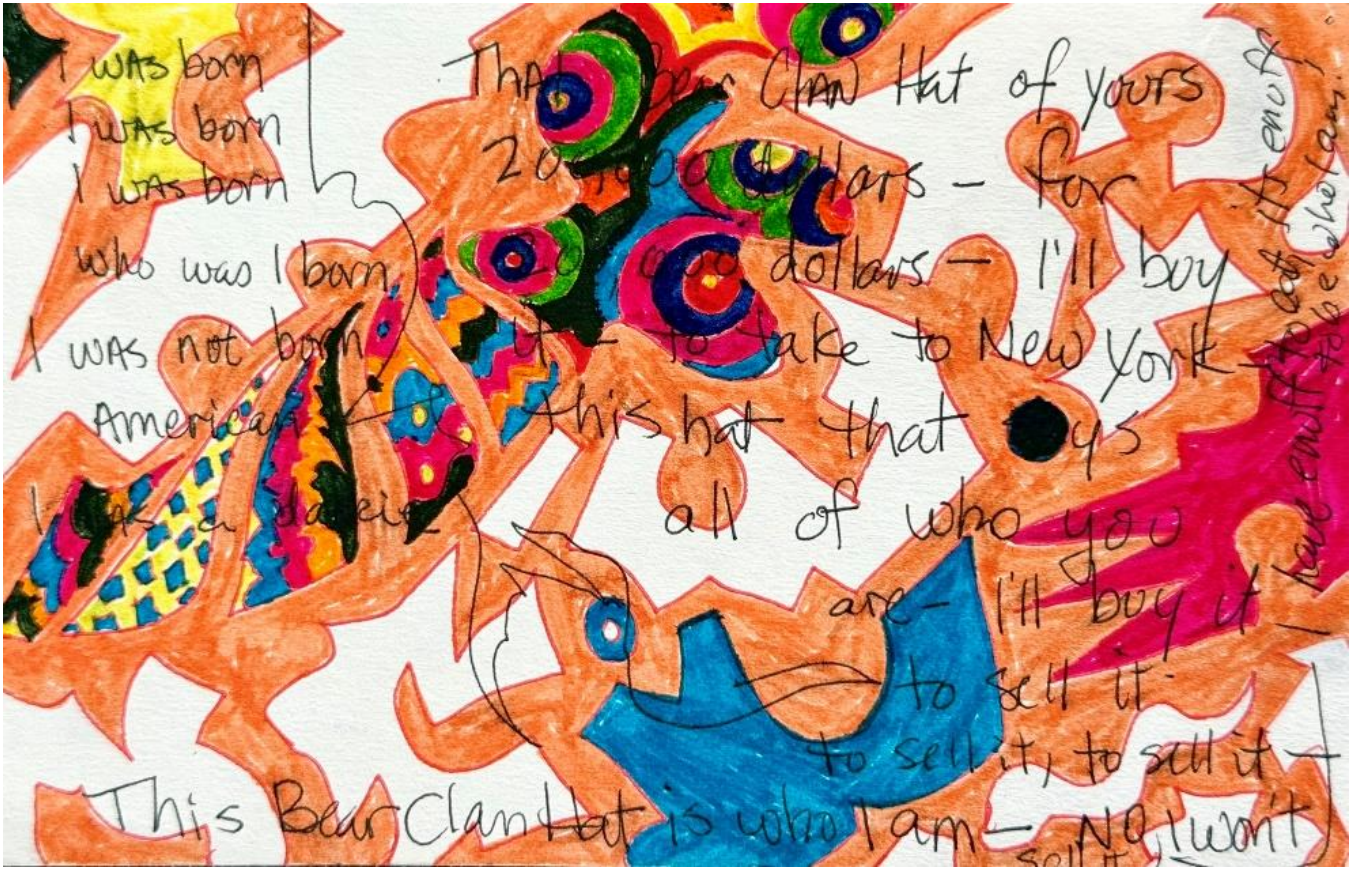




today
church steeple, like in
the old country out my window
as the jiggy gypsy and
women with a passion pain
sing behind me on the
cassette and beside me a friend
at a desk answering phones folding
paper
a word or two
sky blue and clear
today
everything is fresh & cool
like summer coming
so cool
sometimes when I look in the mirror
the circles around my eyes
years
all the
looks back at me then

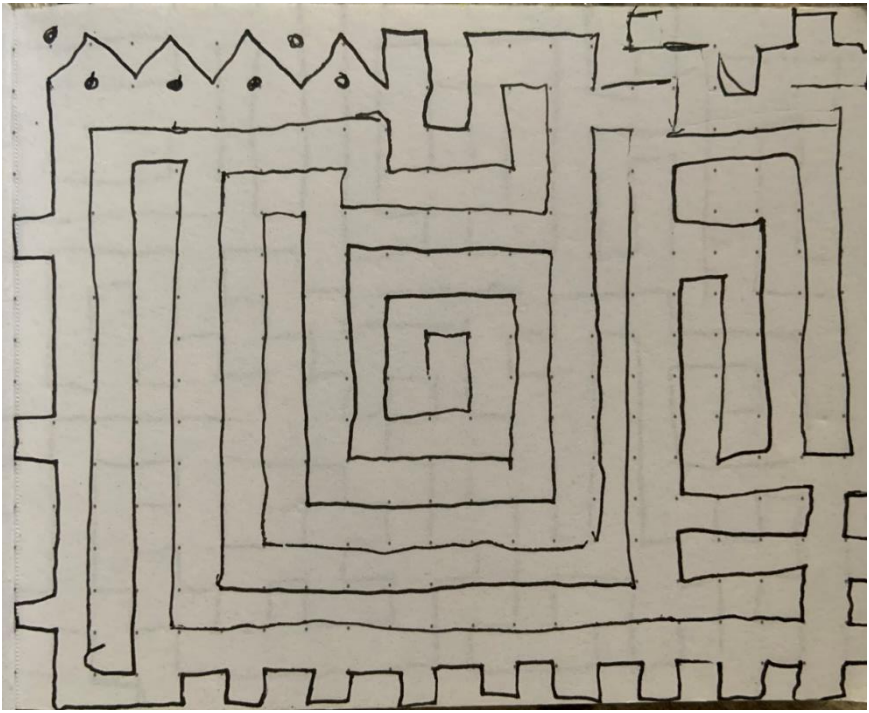
bright misty coal
sky..
a deep warm long sigh
breast
released from those
in that
with it all
the
sky
water

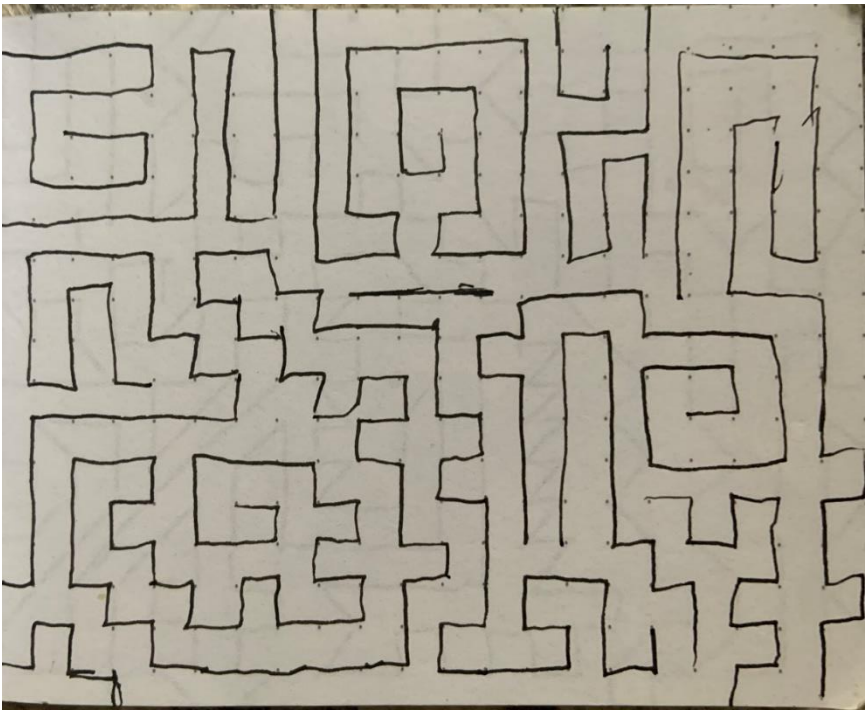
what
I
Feeling
now
?
WHO.

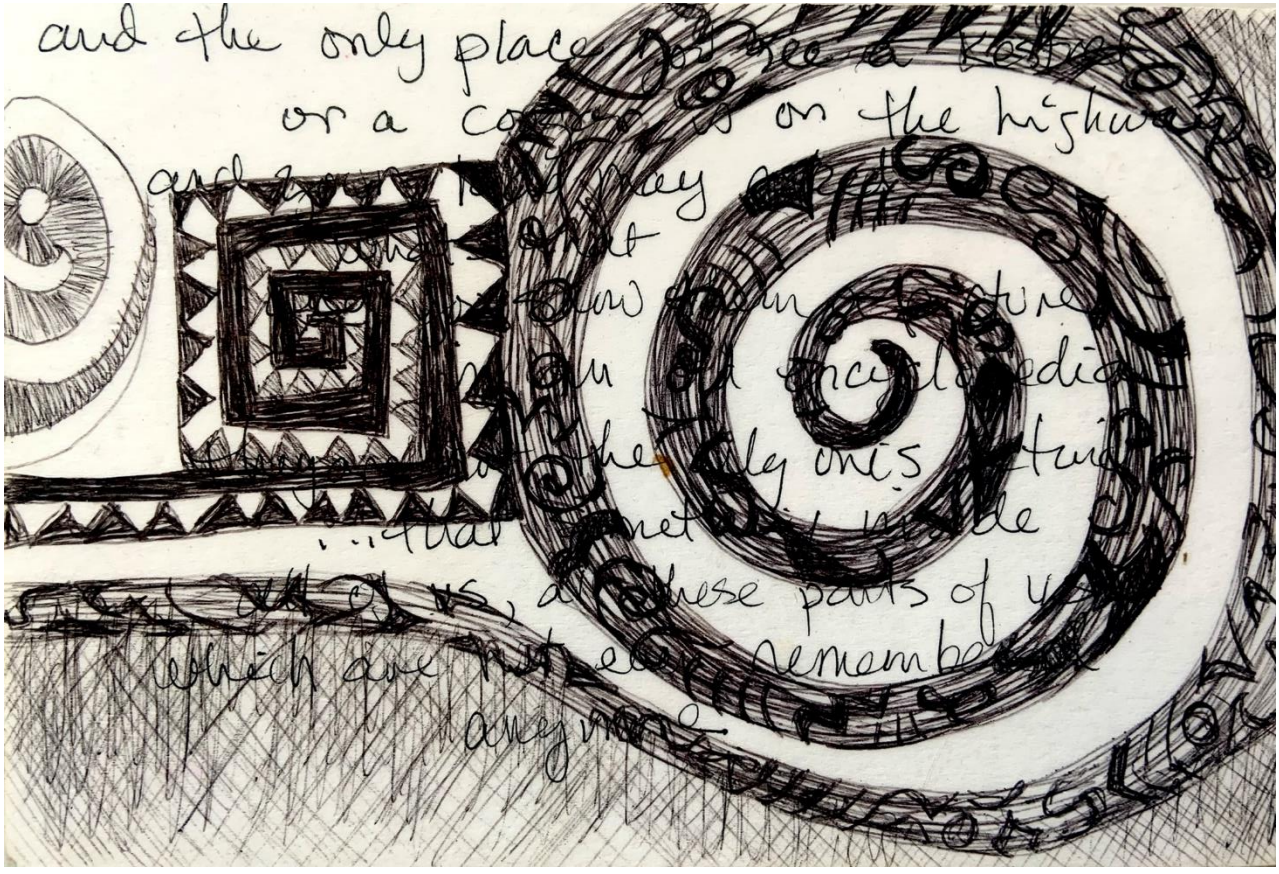


I WAS born
I WAS born
I WAS born
who was I born
I WAS not born
American
all of who you
are –
to sell it
to sell it, to sell it –
This Bear Clan Hat is who I am –
I have enough to get its envy
to be a veteran.

When it was all
and fair
Looking
Just
For a
Warm
Place
to stand
Broken
Mirrors







and the only place
or a
on the highway
and
the only ones
that
inside
these parts of us
which are
remember
amazing

LALALALALALALAAAAAAAAAAAAAAAAAA!!!!

This Cosmic Dust -The Portal book series begins with works from when I was the age of 13 through my teen years. (I had a lot of work before that, which was lost to time)..then jumps to the present 2024-25, age 71, then meanders...
This is the continuation of the 13 volume Cosmic Dust Book series which began with simple bead works & evolves into complex installation & performance arts, theater & Justice works.
As promised, I now present works in 2&3D'ish' forms.
There is some redundance due to the choice to include some in more than one category & the volume of works to contend with. There are 7 volumes in this 2-3D series.
& It is in progress. Some images may be blurry in instances where in searching through thousands of files I could not locate a high res image, or locate the original to re-foto.

These works range from child freindly to XXXRated...UNCENSORED, yeah!!! (cover your eyes if you can't handle it...& look for these books on gimp's banned books/phrases& brain lists!
I hope my works inspire you & bring you peace of heart & courage to BE!!
LALALALALALALALALALALAAAAAAAAAAAAA!
