Welcome to AILD

A Premier Educational Resource & Specialized Learning Community

At the Autism Institute for Learning & Development (AILD), we believe that every child can learn when instruction is tailored to the way they learn best. Through The AILD Learning Approach™, we provide individualized educational programs designed to support autistic learners and students with ADHD, dyslexia, executive functioning challenges, and other learning differences.
Founded by educator Eillim Cintron, M.Ed., a Florida-certified Exceptional Student Education teacher, Autism & Behavior Specialist, and autism parent, AILD was created to offer families an educational experience that combines evidence-informed teaching practices with meaningful, real-world learning opportunities.
Rather than organizing students by age or grade level alone, AILD emphasizes developmental readiness, individualized instruction, and functional academics to help every learner build confidence, independence, and lifelong skills. Families may choose from several instructional delivery models, including Home Instructional Programs and our Full-Time Drop-Off Learning Program, allowing each child to receive the level of support that best meets their educational needs.
Beyond academics, AILD partners closely with families through educational consultation, progress monitoring, assessments, and ongoing communication because we believe meaningful progress happens when educators and families work together as a team.

Our mission is simple:

To empower every learner with the knowledge, confidence, and life skills needed to thrive both inside and outside the classroom.

Home Instructional Programs

SIGNATURE™ *HOME INSTRUCTIONAL PROGRAM*

Our Signature Home Instructional Program includes:

- Individualized instruction in English Language Arts, Mathematics, Science, Social Studies, Spanish, STEAM, Art, Physical Education, and Functional Life Skills, with electives selected according to each student's developmental level and educational needs.
- A monthly curriculum package featuring printed academic lessons, individualized learning activities, and all hands-on instructional materials needed to complete each month's learning experiences.
- Digital access to Google Classroom, online learning platforms, and teacher-recorded instructional lessons designed to support independent learning and family implementation.
- One hour of weekly educational consultation (by appointment) to provide academic guidance, instructional support, and answer parent questions.
- Ongoing grading, progress monitoring, monthly progress reports, and a comprehensive End-of-Year (EOY) Evaluation to assist families in documenting academic growth and homeschool progress.
- One IEP consultation and case review, including attendance at one IEP meeting if requested. (Additional IEP advocacy services are available for an additional fee.)
- Monthly parent newsletter and access to the exclusive AILD Parent WhatsApp Community for announcements, resources, and ongoing support.
- Individualized educational planning based on The AILD Learning Approach™, ensuring every student receives instruction tailored to their strengths, learning profile, and developmental readiness.

ADDITIONAL SERVICES

IEP ADVOCACY & CONSULTING PACKAGE:

$375

- This service provides comprehensive support to help families navigate the IEP process with confidence and clarity. We work collaboratively with parents to review, prepare, and advocate for appropriate educational services tailored to their child's needs.

This package includes up to 5 hours of consulting services, which may include:

- Review and analysis of educational records and IEP documents
- Case development and strategic planning
- Communication with the school (emails and/or phone calls)
- Ongoing parent consultation and guidance
- IEP Meeting Representation:
- This package also includes attendance at one (1) IEP meeting (virtual or in-person) to support and advocate on behalf of the family, ensuring that student's needs are appropriately addressed and that parents feel confident and supported during the process.
- Additional Time: Any time exceeding the initial 5 hours will be billed at a rate of $50 per hour.

ADDITIONAL SERVICES

$50 EOY HOMESCHOOL EVALUATION

This service fulfills the annual evaluation requirement for homeschool students in Florida.
We review your child's educational progress and provide documentation verifying that the student is demonstrating progress consistent with their ability.
This service includes:

Review of student portfolio (work samples, logs, & curriculum used)
Parent consultation (as needed)
Written evaluation letter for submission to the school district based on the family's address.

STANDARDIZED TESTING $75

For families who prefer the testing option to meet annual requirements, we offer administration of standardized assessments in a supportive and low-stress environment.
This service includes:

- Administration of an approved standardized test
- Scoring and review of results
- Documentation for homeschool compliance

ADDITIONAL SERVICES

DIAGNOSTIC ASSESSMENTS

DIAGNOSTIC SCREENING SERVICES

🧠 **Autism (ASD) Screening – $350**

⚡ **ADHD Screening – $80**

📖 **Dyslexia + ADHD + Executive Functions Screening – $250**

This service provides comprehensive screening to identify potential indicators of Autism Spectrum Disorder (ASD), Attention-Deficit/Hyperactivity Disorder (ADHD), and Dyslexia. Screenings are designed to help families better understand their child's strengths and areas of concern, and to determine whether further formal evaluation or support may be needed.

This service includes a comprehensive screening process, which may include:

- Review of developmental, educational, and behavioral history
- Parent interview and intake consultation
- Administration of evidence-based screening tools and rating scales
- Observation of the child (when applicable)
- Analysis of results across developmental, academic, and behavioral domains

THE AILD LEARNING APPROACH™

Individualized. Intentional. Meaningful.

At the Autism Institute for Learning & Development (AILD), we believe every child deserves an educational experience designed around who they are, not simply their age, diagnosis, or grade level. The AILD Learning Approach™ combines evidence-informed teaching practices, functional academics, individualized instruction, and meaningful real-world learning to help every student develop the confidence, independence, and skills needed to thrive both in school and in everyday life.

Rather than asking children to fit into a program, we build the program around the child.

🌳 Our Teaching Philosophy

Every Child Learns Differently
We recognize that every learner has unique strengths, interests, and developmental needs.
Instruction is individualized to help every student experience meaningful success.

Functional Before Traditional
Academic learning is most meaningful when students can apply it to everyday life.
We intentionally connect classroom instruction with practical life skills, communication, problem-solving, and independence.

Growth Over Comparison
Progress is measured by each child's individual growth rather than comparison to grade-level
expectations or peers.

Families Are Partners
Parents are an essential part of the educational journey. Through ongoing communication, consultation, and collaboration, we work together to support every learner.

Hands-On & Engaging
Students learn through visual supports, manipulatives, movement, technology, creativity, and
real-world experiences that make learning meaningful and enjoyable.

Whole-Child Development
We nurture academic, social, emotional, executive functioning, communication, and independent living skills because success extends far beyond academics alone.

WHAT MAKES AILD DIFFERENT?

What sets AILD apart is our commitment to providing a truly individualized educational experience for every learner. Through The AILD Learning Approach™, we combine personalized educational planning, functional academics, and evidence-informed instructional practices to support students with autism, ADHD, dyslexia, executive functioning challenges, and other learning differences. Founded and led by a Florida-certified Exceptional Student Education teacher with graduate specialization in Autism and Applied Behavior Analysis, AILD brings together professional expertise and the unique perspective of an autism parent. As an approved Direct Provider for Step Up For Students, we offer bilingual educational support, individualized consultation, and ongoing partnership with families to help every child build confidence, independence, and meaningful lifelong skills.

Our Promise

We don't simply teach curriculum.
We build confident learners, capable problem-solvers, and independent individuals prepared for meaningful lives beyond the classroom.
