CORE COMPETENCIES

- Administrative & Operational Support
- Program & Project Coordination
- Business Process Optimization
- Workflow Management (Agile/SCRUM)
- Client & Stakeholder Management
- PMO Setup & Support

FEDERAL & PRIME CONTRACTOR CHALLENGES WE SOLVE

- Program delays due to poor coordination
- Lack of administrative support for contract execution
- Inefficient workflows slowing delivery timelines
- Resource gaps in program management offices (PMOs)
- Need for scalable support on task orders

ENTERPRISE BACKGROUND

Key personnel has delivered operational results across four globally recognized enterprise organizations:

IBM — Technology & Consulting

ORACLE — Cloud & Data Systems

AWS — Cloud Operations

GRAINGER — Industrial Supply & Ops

- Led enterprise-scale operations and cross-functional project delivery (AWS)
- Managed client-facing execution, SLA compliance, and stakeholder communication
- Drove process improvement and workflow optimization across complex environments
- Coordinated project timelines, resource allocation, and delivery milestones

VALUE PROPOSITION

Rapid Deployment: Plug-and-play operational support for active federal programs
Execution-Focused: We execute, coordinate, and deliver — not just advise
Enterprise-Tested: Proven operational discipline from AWS and Fortune 50 environments
Scalable Support: Flexible capacity aligned to evolving contract and task order needs

TARGET FEDERAL AGENCIES & PRIME PARTNERS

- GSA – Shared services & acquisition support
- DHS – Program coordination & ops support
- HHS – Administrative & workflow execution
- VA – Program support & stakeholder coord.
- SBA – Small business program support
- DoD – Subcontracting for operational exec.
