BE IT REMEMBERED that on NOVEMBER 20, 2020, the City Council met in City hall with the following members present: Council Members Norm Parker, Jared Jones, John Wilkerson, Mack Ruskiewicz, and Melba Vandever.

The meeting was called to order at 7:07 P.M. and the following business was conducted:

1. Roll Call
2. Council Member Mr. Parker Led the Invocation
3. Pledge of Allegiance/Pledge to the Texas Flag

Non-Action Items

4. Citizens Comments

No citizen comments.

Mayor Harvey corrected item 7 on agenda, should not read consider approval, it should read discuss. Recognized Amariah and Abigail Parker for their work in cleaning up trash at the Sylvia Tucker Memorial Park.

ACTION ITEMS

5. Consider approval of the minutes from the Council meeting held on November 10, 2020.

Mr. Jones made motion to approve minutes. Mr. Parker second. Mr. Jones, Mr. Parker, Mr. Ruskiewicz, Mrs. Vandever approved. Mr. Wilkerson abstained.

6. Consider approval of the Resolution of Canvass of the November 3, 2020 election.

Mr. Wilkerson made motion to approve Resolution. Mr. Jones second, all in favor, none opposed.

7. Discuss requisites for hiring a City Manager.

Mr. Parker: In paperwork there are applications, I would like to see the applications.

Mayor Harvey: is there an application online chief?

Chief Rodriguez: There is a city application.

Mayor Harvey: we will bring it to the front page. (put application on front page.)

Mr. Parker: take myself off the floor.

Mr. Jones: add in newspaper was set 7-10 years, how did we come up with that prerequisite.

Mayor Harvey: it is actually a low number based on years incorporated. You would have to have someone with experience to come in. To have a novice come in would be a travesty. To have someone with those requisites and to have the salary attached to it, they need the experience. We do not want just anyone coming in. I have been here almost 30 years. I know how some things were done in the past. We want to do things right we want to put the city on the right path. The city was not prepared for it but we are prepared to answer.

Mr. Jones: city regs state only requisites says they must have the admin experience. If we put 7-10 year on it, we might be missing out on some good candidates with 2-5 years experience.

Mayor Harvey: they are going to have to have experience, we need someone that has been through this and can navigate the changes. This is not a normal city. There is a lot of changes, there is a lot of excitement. Someone that can navigate it with a level head. Cities best interest. Council will decide on applicants.

Mr. Jones: I have fired sergeants and put privates in and had a better time.

Mr. Wilkerson: Mayor and council, a lot of your comments I agree with, city needs someone that can take bull by horns. I also agree with Mr. Jones.

Mayor Harvey: Please silence phones.

Mr. Wilkerson: A lot of cities have something similar to a city manager. Many have been titled differently. Maybe we need to change wording to capture more of an applicant pool. Change years of experience. Different wording on years. How many years of management and experience do we want them to have?

Mayor Harvey: Anyone can apply. If you have more years you can apply. If you have less, everything can be looked at by the council. The council will decide what happens. The council has an obligation. This is going to happen. As the applicants come in, they will be disseminated directly to the council. Legal council will draft up ordinances and give to council. You must decide

Mr. Ruszkiewicz: I am glad we are having this meeting even though it is a Friday. There is an issue with the add in the paper. Have we had any applicants?

Mayor Harvey: Two sealed envelope applicants have arrived.

Mr. Ruskiewicz: As a council member and doing the best for the citizens, I would think we would want as many possible applicants as possible. How many outlets do we have for our advertising? Personally, I have been asking people I know if they know anyone. If we all worked together on that we can strategize. Radiogram, newspaper, TV ad, to me right now we need to get the word out there. I have asked other city managers if they wanted the job, but they did not want it. We need to get the word out. We definitely do want the most qualified person. It could cause the city a lot of problems. They must know municipal law, hopefully some experience in executive and background as city secretary. Let us put ourselves together and try to help someone fill the position. We are under the gun; we need to get one. The more we have the better qualified.

Mayor Harvey: Mr. Ruskiewicz. I agree with you and Mr. Wilkerson to get in as many as we possibly can. If we only have two, we want to be able to say we made the best selection for the city. We have a budget, yes there are ads in the paper, radiogram. When you start talking television, news you are talking airtime. It is going to cost. Everything costs. This is the point I was making months ago; it is going to cost. Sir, are you ok?

Mr. Jones: Yes, I had to catch my breath.

Mayor Harvey: You can excuse yourself. You all must do your jobs. You must. It is going to cost something. This is not going to go by ok this is free. It is going to cost. Did we not know that? I know we have new council members, but to the others, we were told it is going to cost. We had someone come in here and say you should not do this, it is going to cost, the city is not big enough. We have an obligation.

Mrs. Vandever: Is there a deadline?

Mayor Harvey: Yes, ma'am there is.

Mrs. Vandever: That is what I thought.

Mayor Harvey: We want more, we want the verbiage, tweet. It can be done. We still want the best for the city. There is a lot of people that have put their heart and soul into this city. The very first mayor, hats off to him for his jobs and duties, for getting it incorporated. Second mayor getting the building and the park. People have poured their heart into making Kempner a wonderful place. Mr. Cook, Mrs. Crane. I live up here constantly, a year and 5 months. This is my lot, and I will deal with it. But the love of the city has not changed. I do not want any of the mayors before me have anything erased, damaged, undone. Let us get it together, let's make sure we are getting quality people that have a love for the city, that want to help the city move forward, that want to help the city progress.

Mr. Parker: We all agree we want to do what is best for the city. If we have so little time to find a city manager, whatever candidates have been turned in, can we immediately start looking at them?

Mayor Harvey: Intent of the 8th is that all applications be given. When ever we get resume's, we will send them to councilmembers. You will get the resume of the individual and the name of them. You will have it. I really wish I had 15 right now to give to you. I can tell you Mr. Ruskiewicz, you have been out word of mouth, people have come to me. And they are like too much drama. We are going to have to show the people we can work together as a council; we do not have to put each down behind closed doors. I do not want everyone to like Mayor Harvey. I want you to do your jobs. It should not matter who is sitting in this seat. We must move the city forward. As soon as I get more applicants, I have them all sealed. I have not broken one seal. Once I break that seal and put it in the Ricoh then I will look at it. If those are the only things we must tweak, we will do it. I will look at our advertising line.

Mr. Wilkerson: Mayor I do not know if you have considered or other council, on the 8th we can come in an hour early to have a workshop session to discuss the salary, working requirement. Ordinance. My concern, while I agree with Mr. Ruskiewicz if I go out and put it on social media if someone contacts me and asks for workload.

Mayor Harvey: I am glad you asked that question because that is why we are here tonight. Salary, workload, hours all that. That is what we are discussing, requisites. How many hours do you want them to work? Budget, hours? Manage, hours? And what do you think they should receive as a salary or compensation for that work? They are planning, mitigating, managing and they have a little bit of finance in there. If you do not know some things, it is going to hurt the city. When I first came in, I put a budge together and took it to Mr. Clarke, he said, "I'd approve that." You cannot be a novice. If you are saying you want to come in here and work three hours, four hours, wrong answer. It is a city, people are constantly working, police department until 2 or 4 in the morning chasing people in the woods.

Mr. Parker: Motion to adopt what Mr. Wilkerson said and come in an hour early next meeting.

Mayor Harvey: We can do it; you do not have to make a motion to do it. You must plan. When you start moving a train in a direction you need to plan for A and B. If this does happen this is what we are going to do if it does not its business as usual. You should have had all this ready to go, especially the person pushing the train. Why don't we have the answers? We see it on social media, but we are not hearing it here. Why are we silent, why can't we say it here?

Mr. Ruskiewicz: A couple areas, hopefully there is some kind of consensus on advertising, I made my view known. As far as the applicants, Mr. Parker wanted the resumes. Right now, we must have some set pay scale, responsibilities, before we look at applications. I do have a

question; I know we had council member signed the petition. My question would be what is your suggestions on how we would come up with the money? Is there any answer to how we are going to come up with the money?

Mr. Wilkerson: I would like to address, any time a petition to change the style of government. Early I was conflicted yes or no. I have made that decision best for me as tax payor. City managers out there have multiple departments. City of Kempner we have two main departments. Admin/police. Looking at how you pay for that the pay would reflect on job responsibilities. Mayor does not support part time. I disagree. A part time city manager can work. I signed the petition because the voters have a choice and I support that.

Mr. Ruskiewicz: The question was, it is not a question of whether we have the right to sign a petition, but it was never brought before us. Where is this money going to come from? Exactly where will the funding come from? What do we have to do to pay for a city manager? Being on the council and reading through budgets I understand our city has maybe a \$30,000 discretionary. Talking to seasoned managers they said wow, that is a tough budget to work with. How do we come up with the money? I am not trying to have any ill intent. Where will the money come from?

Mayor Harvey: This administration, since I have come on deck, many things have changed. Because never before has there been so much transparency, you did not see all the financials online, you did not see everything online. You can see it, it is all there, you can see what is being spent every month. It is completely open and one of the main reasons for the city manager was transparency. The second was to take the power from the mayor. There is a lot of things done to hurt me, but you cannot hurt me. I have a job to do and it should be respected. It is a very important seat, as yours is. No one talked about the costs Mr. Ruskiewicz. Mr. Clarke gave the numbers to you. He said it would be foolish to do this, and we did it. We are here. To go back to say hey where is the money come from. They do not know. If you go back to look at the budget, it is tight. How do you get the money? Revenue. How do you get revenue? It is a basic class. These are the things I do day and night. Managing the budget, making sure the city has what it needs. Where does the money come from? It is real simple Mr. Ruskiewicz. They do not have to go behind closed doors and say the mayor is going to hurt the people, he is going to raise taxes, I did not do this. But you are going to do this, you are going to give them a salary, give them their scope, and execute. You sitting in this room are going to make this decision. I would recommend everyone go back and do their homework and look at the budget. No one sits in this room when a citizen comes in and says, "why is this happening?" The tears. "Why do you care so much?" Well it is very clear to see there are people who do not care. That is what I am here to do, to serve the city, protect the city, mitigate the city. All you must do is make a decision. I have taken notes for the advertisement, I have taken notes for verbiage. I was hoping we would get some salaries thrown out so when people call and ask what the salary is. No one wants to say what the salary. So that is my question, we are bold on social media but when you come in here

you will not say anything. Right now, we need to hear what salary are you thinking? Throw it out there. Yeah, we are going to discuss it more, but nothing is being done tonight. This meeting was called, and nothing is being done. We called this meeting to sit here and say we will have a workshop on the 8th, and we will talk about it then? That is why we did this? Think about what we are doing ladies and gentlemen. I love seeing all of you but if we are going to come here let us do some work. Let us shoot out some salaries. If we are not going to talk about the salary, if we are not going to discuss it, we need to close the meeting. When we come in this building we need to work. If we going to come in here, we are going to work. We owe it to them; we owe them a lot better than what they have been getting

Mr. Wilkerson: I want to go back and answer Mr. Ruskiewicz. Why this was not brought before the council? The petition filer would have to answer that, but we are all voters of the city. Where is the money going to come from? The budget, the budget is built by priority. We can sit here and ask the questions, resentments of why, but that is not going to get any closer. To address Mr. Mayor, salary, a part time position that salary can be between \$30-35K a year.

Mr. Jones: Agree with Mr. Wilkerson, it can be a part time position, I believe it is possible in a small town like this. When they are in this office, they work just like that. I would make a motion to make it a part time position.

Mayor Harvey: We are just discussing tonight; legal council will draw up papers.

Mr. Jones: On average, municipality makes about \$40k. larger cities up to \$60k. \$25K + experience and qualification. I do not think any one can argue with that.

Mayor Harvey: I have heard you and Mr. Wilkerson; you are looking for part time. Yours is \$25K and Mr. Wilkerson's is \$35K. I dare you to recheck your numbers, the numbers are much higher. You are looking at \$90's to \$100's, not \$60s. Make a call if you are not sure. I have heard you; we have some numbers out, I appreciate that. Where are we going to get it from the budget, what budget are you talking about? The budget has been approved. There are only two forms of revenue that comes into this city. How are we going to get more revenue? The budget is already set for every line item. To bring something in even if it is \$25k, where is the money coming from? Is there another budget you are referring to? The only way to get more money in the city is revenue. No revenue no money. Does everyone understand that? You must have revenue. What are the two forms of revenue in the city?

Mr. Jones: Tickets

Mayor Harvey: Police department is not a revenue generating entity, that is illegal

Mr. Parker: Mr. Mayor I think I got a pretty good background in finance. I would suggest you leave the floor open a little bit more to let others speak.

Mayor Harvey: Once you are recognized you are given the floor then you can speak. Then I can speak, Roberts rules.

Mr. Ruszkiewicz: I do not second guess citizens. There are a lot of other areas, we are throwing numbers out, ok that is fine. Dig a little deeper and do a little research. There is a lot of deliberation outside the room, not much inside the room. I want to hear the people that feel a certain way, where is that money coming from? We have a situation; it is not just writing an ordinance and hire a city manager. We are not really deliberating. We are coming in here throwing things here and there. I wasted a Friday night here. There is this little circle going round and round. I do not want to be blamed if things do not go right. I have six months left. We must do our part; we must reach out and try to get someone in this position. We have 40 days left. I sure do not want to come to another meeting and go in this circle. I have some ideas; we must get this job done. Priority of the citizens. Priority of the city, that is number one. We must look out for the city. I have been here 28 years. I am hearing things constituents are telling me. It better straighten out here.
