mroplan.ai in partnership REVSquared B2B SALES AGENCY

Plan-Driven Maintenance Solutions for Border States Customers

Border States has partnered with MROplan to bring customers a smarter, AI-powered approach to maintenance planning.

Enable Plan-Driven Maintenance — Powered by AI and Built from OEM Specifications

Help Your Customers Reclaim 100+ Hours of Downtime — Improve Productivity and Reliability

Fast to Deploy Across Customer Sites — No Heavy Setup or Admin Required

Turn Customer Documentation into Structured, Audit-Ready Maintenance Plans

HELP YOUR CUSTOMERS MOVE FROM WORK ORDERS TO REAL MAINTENANCE PLANS

MROPlan.ai enables Border States customers to automatically convert OEM manuals and SOPs into structured maintenance plans — defining what needs to be done, when, and by whom.

MROPlan.ai transforms static documentation into actionable maintenance schedules — giving Border States customers a single source of truth across every machine.
