LEAPS AND BOUNDS
4211 Valley View

Established 2010

Leaps & Bounds Pediatric Therapy is the largest practice in the nation to offer physical, occupational, and speech therapy utilizing the horse (hippotherapy) and adaptive riding. Our one-of-a-kind facility was thoughtfully designed as both a state-of-the-art pediatric therapy clinic and a fully functional horse ranch—all under one roof. This custom-built space allows for a seamless blend of traditional therapy services with equine-assisted treatments, creating a dynamic and engaging environment where children can truly thrive.

Five Keys EAT
Cultural Center and Farm
4208 California Ave

Established 2014

The Ecological Agriculture Training and Cultural Center's Mission is to train farmers, engage farmer families and create community around ecologically-based, socially just and economically sustainable agriculture. Our program took root and grew out of Wayside Farm School. Launched in 2014, Wayside Farm School was an In-Custody, Education-Based Farming Partnership operated by Five Keys Schools & Programs and the Los Angeles County Sheriff's Department.

Refreshment Ranch

RWC Veterinary Services & Rehab Center
4554 Temescal Ave

Established 2025

RWC is a newly constructed, state-of-the-art facility located in Norco, thoughtfully designed to function as both an equine veterinary center and a residence for longtime community members Debbie Langdon and Wayne Clark, with the support of Stephanie Langdon. Purpose-built with a focus on functionality and exceptional equine care, the facility features advanced medical equipment, spacious treatment areas, a riding arena, and numerous other accommodations tailored to meet the needs of both horses and their owners. This dual-purpose development highlights Norco's ongoing commitment to supporting and nurturing its equestrian community.

Shady Acre Farm
3423 Temescal Ave

Established 1973

Shady Acre was started by two "city folks" in 1973. Over the last 50 years, Wayne & Elaine Lindsey have developed their acre into a farm that focuses on small-scale agricultural production. The primary focus is poultry and egg production, but the farm also features a small goat herd, garden boxes, citrus trees, and berries. A recent renaissance of small-plot agriculture has inspired Shady Acre to work on local licensing and certifications. A treat station along the goat pen and flower beds that serve as a monarch way station have made the Shady Acre a popular stop for folks in the neighborhood on their evening walks.

Medieval Land
634 River Dr

Established 2002

Welcome to Medieval Land, home of Norco's own Imperial Knights. We produce and perform our Medieval tournaments for many different venues, eg: state, county and renaissance fairs, school assemblies, corporate events, parties as well as custom film events and commercials. Our show is mobile, and we travel all over the country as well as hold private events at Medieval Land. Come on over for our free weekly jousting tournaments on Tuesday evenings at 6:30pm, have some tacos, pizza & ice cream, and cheer on your favorite knight!

So Cal Equine
875 Sixth St

For all the joy horses provide us every day, they deserve the highest quality of care possible. That's why so many loving horse owners bring their horses to SoCal Equine Hospital In Norco, CA. A place they know will put the needs and care of their horse first. We understand and offer a full surgical and medical facility that provides cutting-edge and progressive technologies for diagnosis, treatment and rehabilitation in any situation 24 hours a day. Working with you to help your horse feel better, perform better and stay healthier.

KMAR Farms
1280 Second St

Established 2015

We are a small local family farm that's dedicated to teaching children about farm life and sustainability in Southern California. We grow our own vegetables and raise animals from chickens, ducks, sheep, goats and pigs. We want to teach hands-on to the next generation about sustainable living and all the benefits of growing your own food. Come see what we have and learn the many aspects of what it takes to have your own farm, however big or small. We welcome all ages! Margaret Millspaugh
