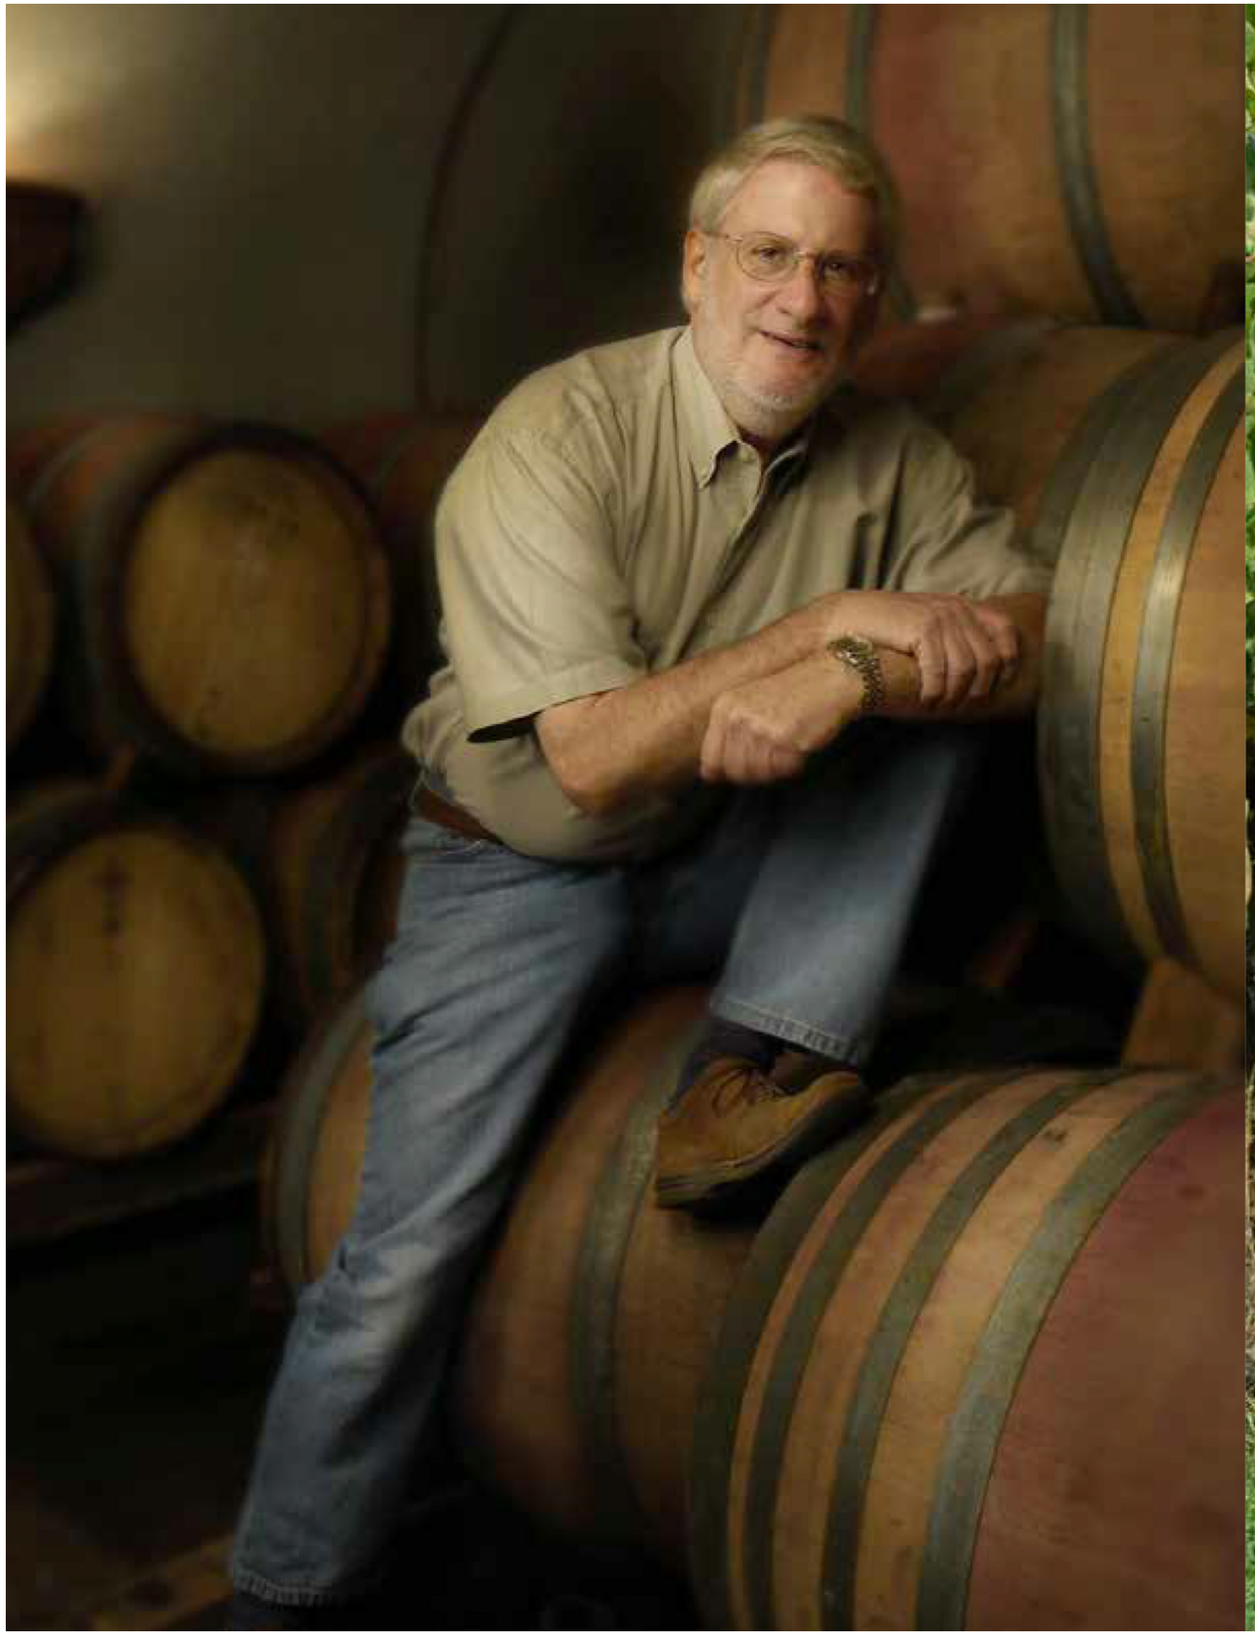
IMAGES IN PRINT & ONLINE

FROM FEATURE ARTICLES IN PORTRAIT OF PORTLAND TO THE WASHINGTON POST, PROMOTING FINE DINING, WINE, CRAFT BEER AND COFFEE



HERE'S HOW WE WORK:

Remember the good ol' days when professional photo editors at stock companies searched for perfect pictures based on their clients' needs?

Well, we are still doing it that way. After all, who really wants to rummage through thousands of images that are not quite what they're looking for? In this busy world, your time is just too valuable to waste.

TELL US WHAT YOU'RE LOOKING FOR,

how you will be using it, and we'll do the rest.

When we've made our image selections, you'll receive low resolution jpgs by email and make your final choices.

Then we'll quote you a fair price based on your planned usage. That's all there is to it.

At our studio, high quality customer service is our first priority.

Call or email us today.
