AnytIme talk translator

FEATURES, ADVANTAGES, BENEFITS

*Easy-to-use service for **Anyone***
*Virtual assistant available **Anytime***
*Quick call service form **Anywhere***

Virtual Assistant Mode

Multiple languages
Covers 20 language, helps you communicate with the person you are facing.

Virtual Assistant Mode
Provides basic information such as service hours, introductions, directions, appointment bookings, and answers to common questions, reduces the need for extra staff.

Press Quick call service
This connects users to a live customer service representative via a web app, enabling users to initiate a conversation. This remote assistant service provides especially valuable assistance in emergency situations.

GIO COMPANY

Established in April 2004 and is headquartered in Tainan's Tree Valley Park. We specialize in optoelectronic technology.
Our business focus on

- *Flexible substrate lamination*
- *COB solid crystal foundry*
- *Transparent display*
- *LCD glass substrate processing*
- *LED lighting products*

GIO MiniLED transparent display is an advanced technology display that has won the SDIA AWARD (2022 and 2023) in a row from Taiwan's Ministry of Economic Affairs and the 2022 TIE Taiwan Innovation Technology BRONZE AWARD.
