# SAFETY PRECAUTIONS

Please read and follow all safety instructions before using this product.

1. This product is designed for general consumer use as described in this manual. It is not a toy and is not intended for medical, safety-critical, or unsupervised child use. Do not use the product in any manner not specified in this manual.
2. During operation or charging, the product may become warm. Prolonged or continuous contact with the skin may cause discomfort or injury. Avoid direct skin contact for extended periods. If the device feels warm, discontinue use and allow it to cool before further handling.
3. This product is not a toy. Children should not handle or use the product for extended periods. Adult supervision is required at all times when children are present. Extra caution should be taken for children or individuals who may not respond normally to heat, discomfort, or warning signs.
4. Only use the charging cable and accessories provided or certified by the manufacturer. Do not charge the device on soft surfaces such as beds, sofas, or pillows, where heat may accumulate. Keep the product away from flammable materials while charging.
5. Avoid continuous use for extended periods. Take regular breaks to allow the product to cool and to reduce prolonged skin contact. Do not hold or press the device tightly against the body during operation or charging.
6. Do not expose the product to fire, water, direct sunlight, or high-temperature environments. Do not leave the product in enclosed spaces such as vehicles for extended periods, especially in hot weather.
7. Do not disassemble, modify, or attempt to repair the product yourself. Unauthorized modification or misuse may result in unsafe conditions.
8. If the product emits smoke, excessive heat, unusual odor, or shows signs of malfunction, discontinue use immediately and keep it away from skin and flammable materials. Contact customer service for assistance if any abnormal behavior occurs.
9. Dispose of the product in accordance with local regulations. Do not dispose of the product in fire or household waste.

# WARRANTY

For non-artificial quality issues from the date of purchase, present your warranty card and purchase proof to enjoy a 1-year warranty service. Part of the cost will be charged for damages not covered by the warranty card or caused by human factors. Consumables and gifts are not covered by the warranty. The warranty does not cover faults due to unauthorized disassembly, improper use, maintenance, or storage as per the user manual, or damage caused by human factors, natural disasters, or force majeure.

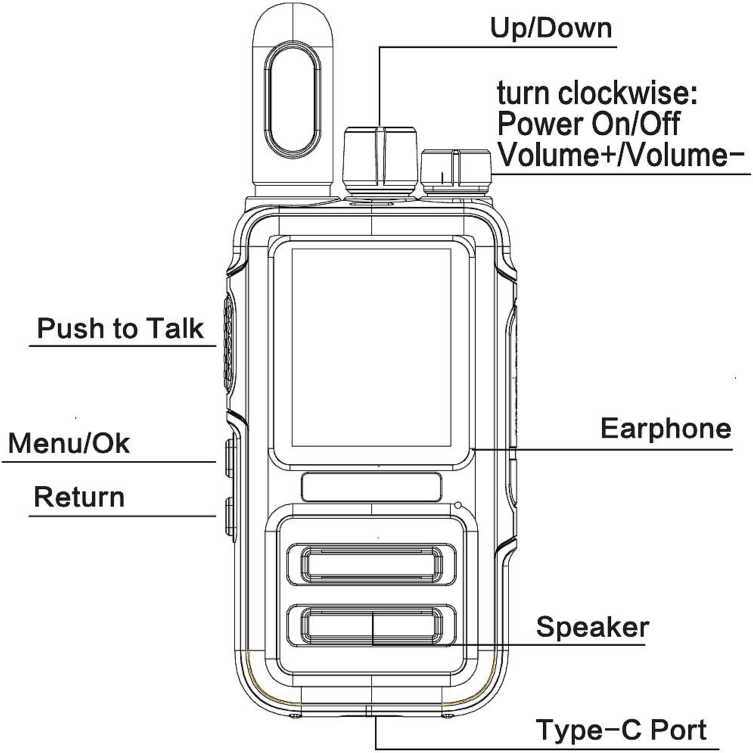
# F68 Pro
# USER MANUAL

---

## KNOW YOUR RADIO

Familiarize yourself with the key functions and controls of your EZF Radio before first use



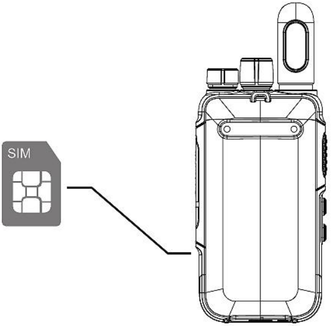
* The volume Ok and return buttons also function as screen scroll keys; pressing these buttons allows you to scroll through the screen content.

* If you have questions about the F68 , you can download a full version user manual on the official website or contact us.

# GET STARTED

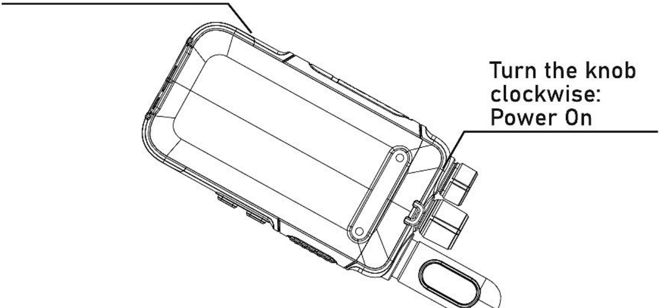
## STEP 1 Your SIM Card Is Pre-Installed

- For easy setup, we have pre-installed sim cards for you.
- Take off the battery and you will see the SIM card has been pre installed into the slot on the back of the radio.
- If you need to take the sim card off by any chance, please follow the arrow and push to unlock the cover instead of forcefully pulling it out.



## STEP 2

· Install the battery and turn on the radio.
· Wait for 30–60s for the device to connect to the EZF server.



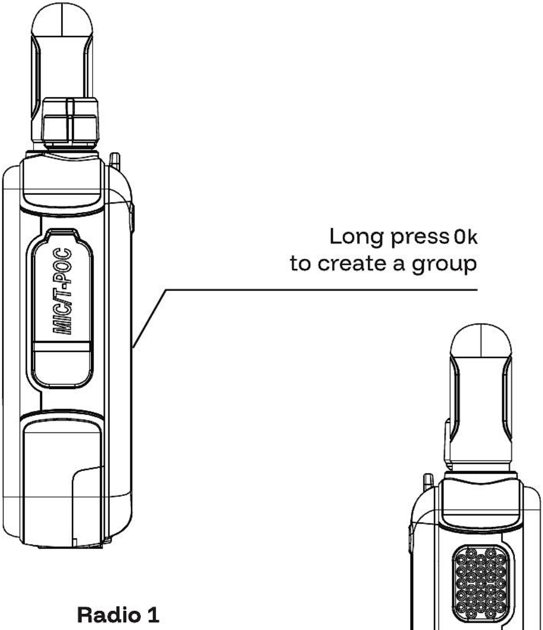
1.Install the battery

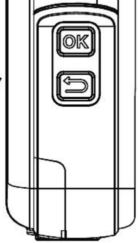
Turn the knob clockwise: Power On

## STEP 3 Create Group Via Bluetooth

### Recommended for quick face to face pairing

1. On radio 1, press and hold the `Ok` + button to create a group.
2. On radio 2 or more, press and hold the `return` - button to join the group.





Long press return
to join a group

**Radio 2
or more**

# APP USER GUIDE

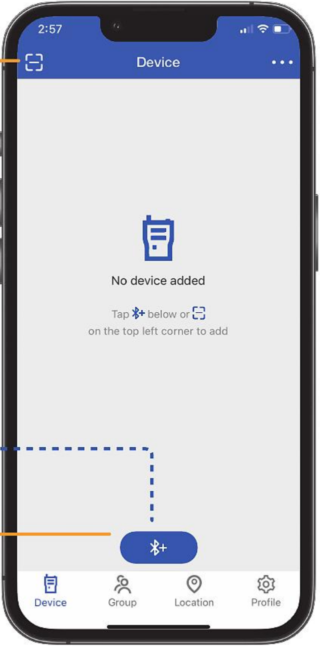
## App Download & Login

GET IT ON
Google Play

1. Download EZF App from App Store/Google Play by scanning the QR code or searching EZF
2. Sign in directly with Apple or Google.

## Pair Device With App

1. Tap "**Bind App**" on your radio
2. In the app, tap the Bluetooth icon to start pairing, or scan the IMEI code to pair



Scan/Enter the IMEI code to pair

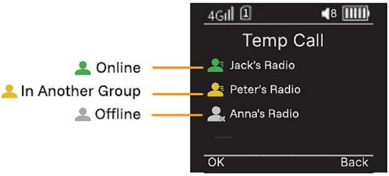
# TIPS & TUTORIALS

## MEMBERS & PRIVATE CALL

## Member List

View current group members:

- Green icon: Online
- Yellow icon: Online but in another group
- Gray icon: Offline



## Private Call

1. Tap Private Call
2. Select an online member
3. Hold the **PTT button** to initiate a private call
4. The recipient's screen will show "**Private Call**" — press **OK** to answer
5. To exit the temporary group, simply tap **Back** on the main screen.

## PLAY LAST MESSAGE

Go to Menu > Settings > Last Message to replay the last received voice message.

## SYSTEM UPDATE

Go to Menu > Settings > Update to upgrade your radio to the latest system version.

## IMEI NUMBER

Go to Menu > Settings > IMEI to find your device's unique IMEI number.

## LINK TO APP

Go to Menu > Settings > Link to APP to pair your radio with the EZF App via Bluetooth.

# GROUP SETTINGS

## Group List

View the list of groups the device has joined.

## Share Group

Share your group with others using either:

- Share Code (6-digit code)
- Bluetooth Share for nearby pairing
- The group code refreshes every 24 hours for security reasons. Make sure you're sharing the latest active code.

## Create Group

Create a new group from the menu. Once created, you can share the group via code or Bluetooth.

## Join Group

Join an existing group by:

- Entering a 6-digit Share Code, or
- Using Bluetooth Join to detect nearby shared groups
- The group code refreshes every 24 hours for security reasons. Make sure you're using the latest active code to join.

## Exit Group

Leave the current group.
Only regular group members (not the creator) can exit a group.

## Disband Group

Completely remove the group.
Only the group creator (admin) can disband the group.
