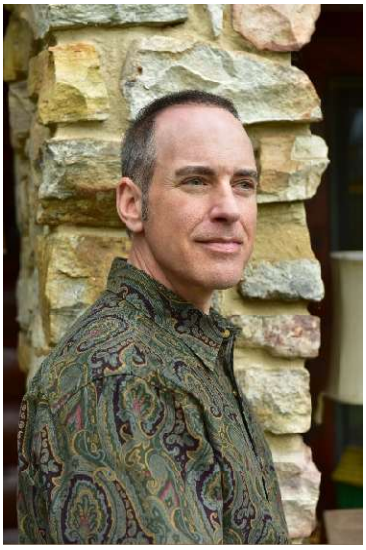
GROUP ACTIVITIES



"Psychic Gallery" with William Stillman Psychic Medium

Expect the unexpected as acclaimed psychic William Stillman connects with the realm beyond as well as offering predictions and intuitive insights. Bill works through divine grace and will say an opening prayer with audience members. For the first hour, he will communicate the intuitive information he receives; after intermission, the second hour is your opportunity to ask questions.

Bring pen and paper; electronic recording is prohibited.

DISCLAIMER: The information William Stillman provides is subject to personal interpretation and does not constitute legal, psychological, medical, business, or financial advice. Each attendee is responsible for their own choices and actions. Psychic readings are for entertainment purposes only.

William Stillman Psychic Medium is the internationally known, award-winning author of the Autism and the God Connection book trilogy that explores aspects of spiritual giftedness in many people with autism. His other books of the paranormal genre include The Secret Language of Spirit: Understanding Spirit Communication in Our Everyday Lives, Conversations with Dogs: A Psychic Reveals What Our Canine Companions Have to Say (And How You Can Talk to Them Too!), Under Spiritual Siege: How Ghosts and Demons Affect Us and How to Combat Them, about spiritual warfare and how negative spiritual entities affect those of us who are susceptible, and his latest book, The Practicing Psychic.

Since 2004, Bill has worked professionally as a psychic and spiritual counselor. His accuracy in discerning the truth and making predictions that come to fruition has been acclaimed by his clients as truly extraordinary, and ranks at 90-98% accurate. He specializes in identifying clients' gifts and talents as well as aiding discarnate spirits (ghosts) to transition to the Heavenly realm. And he has investigated hauntings on behalf of the Pennsylvania Paranormal Association. Bill has also relieved others of the physical symptoms of pain and discomfort with prayer and laying on of hands. He has been consulted on missing person and unsolved homicide cases.

Bill has been interviewed on numerous radio shows of a paranormal nature including Coast to Coast AM, the most listened to overnight radio program in North America. Since 2006, Bill has been a recurring guest on BeyondtheOrdinary.net. He has also been a guest on the popular YouTube series, Swedenborg and Life. He has been interviewed on the Web series CharVision by internationally renowned psychic medium Char Margolis, who called Stillman "really fascinating."

Bill has presented in forums nationally and has on three occasions been a guest speaker for Lily Dale Assembly near Jamestown, NY, the country's oldest spiritualist community. He also teaches a class titled "Developing Your Personal Intuition," Levels I and II. (Bill firmly believes that we all possess psychic gifts to be developed and employed to be of service to others.) Above all, Bill especially enjoys facilitating psychic group galleries (similar to John Edward on TV's Crossing Over), and he treasures the amazing opportunities and validations that have come from touring his galleries throughout his home state of Pennsylvania and beyond. In 2025, he joined Intuity Talent, psychic medium Troy Griffin's West Coast booking agency that exclusively represents gifted mediums.

GROUP ACTIVITIES

"Spirit Guides Workshop" with Mitch Adams

We all have many Spirit Guides that work with us throughout our lifetime. Some are connected by blood and some are soul family, some through your life's purpose and others will help us with obstacles we face as we journey through our evolvement. In the moments when we feel alone and helpless, communicating with our guides can bring refreshed energy, knowledge and faith. This workshop will teach you about the many different types of guides that are available to you, help you to create a sacred environment to begin to communicate with them and give you some simple rituals to welcome their energy forward. You have powerful guides and mentors who are just waiting to help you in ALL aspects of your life! The problem is, they won't know how to help *unless you know how to ask*. When we're not aware of our guides, it doesn't mean that they don't exist or have deserted us. It's just that we haven't had the tools to recognize their presence. All of us have beings on the inner planes who are waiting to help us. These guides and mentors in the invisible realms are specific to each individual's personal beliefs and spiritual lineage.

Workshop will include:

* Breathing and heart space exercises
* Purpose of Spirit Guides
* The 6 Main Spirit Guides and titles
* Calling on your Spirit Guides
* Explanation of Spirit Guides
* How Spirit Guides can help you
* Spirit Guide Meditation (30-40 minutes)

GROUP ACTIVITIES

"Free-Writing Meditation and Meditative Art Project" with Jofa M. Kauffman

Jofa will guide you through meditative activities designed to connect for higher guidance and providing a space to center yourself to be present in the moment.

During our "Free-Writing Meditation", you will be asked to pick a topic or question for which you would like higher guidance. Then, time will be provided for free-writing – this activity helps to close the logical brain and allow a clear channel for higher guidance. A group discussion will follow where participants may highlight insights found during the meditation process.

Our interactive "Meditation Art Project" is designed to focus on the moment through an art activity. We will be creating bejeweled journals. Initially, the activity will be done in silence and then time will be provided to complete your journal during interactive fellowship with your fellow retreat attendees.

Jofa M. Kauffman is a professional numerologist and the owner of Spirited Events by Jofa, a spiritual/metaphysical/paranormal event business. She has also been working as a numerologist presenting classes and providing private readings. In 2014, Jofa started Spirited Events by Jofa and began offering unique and intimate spiritual, metaphysical and paranormal events with the occasional fun girls weekend events thrown in there. Having been an insurance professional for over 30 years including Executive Director of a physician owned PPO and CEO of a third-party administrator, one day she realized she wanted more out of life. Having run-the-course in the insurance industry, she had an overwhelming desire to explore metaphysics, spirituality and the paranormal. Hence, Spirited Events by Jofa was born.

Jofa had her own spiritual journey while searching to find her life purpose utilizing vision boards, mediums, psychics, numerology, astrology, Human Design, Gene Keys, hand and fingerprint analysis, past life regressions and a lot of deep meditation and soul searching. The journey has been both revealing and validating. Using her empathic gift and intuitiveness, Jofa derives deep satisfaction in helping others finding their own spiritual paths and truths. Over the years, Jofa has worked with experienced paranormal investigators and gifted psychic/mediums learning the ins and outs of paranormal investigation. She's been fortunate to visit many notorious haunted locations as well as assisting those who have experienced unknown activity in their own homes and work places. Full-bodied apparitions, shadow figures, white mists, disembodied voices and footsteps are just part of her paranormal experiences. Electronic Voice Phenomena (EVP) is her favorite way to gather disembodied voices on recordings.
