TORONTO PHOTO BOOTH COMPANY
WE BRING THE FUN!
Toronto Photo Booth Company's Virtual Booth

Create Memories Virtually

Just because all your guests couldn’t make it to your event in person doesn’t mean they can’t celebrate with you.

Captures from our in-person photo booth merge with the captures from our Virtual Booth in your own online Live Gallery (aka. Virtual Guest Book)

That way, no one needs to feel left out!

Virtual Booth 101

Virtual Booth brings all the fun of a photo booth directly to your phone. It works in any browser and on any device whether a phone, a tablet, or a computer. Most importantly, your guests don’t have to download any software to run it.

The Virtual Booth allows you to:

- Brand your Photo, Video, Boomerang, or GIF with your wedding graphics
- Create custom emails with links to your registry
- Have a Live Gallery filled with memories from your guests.

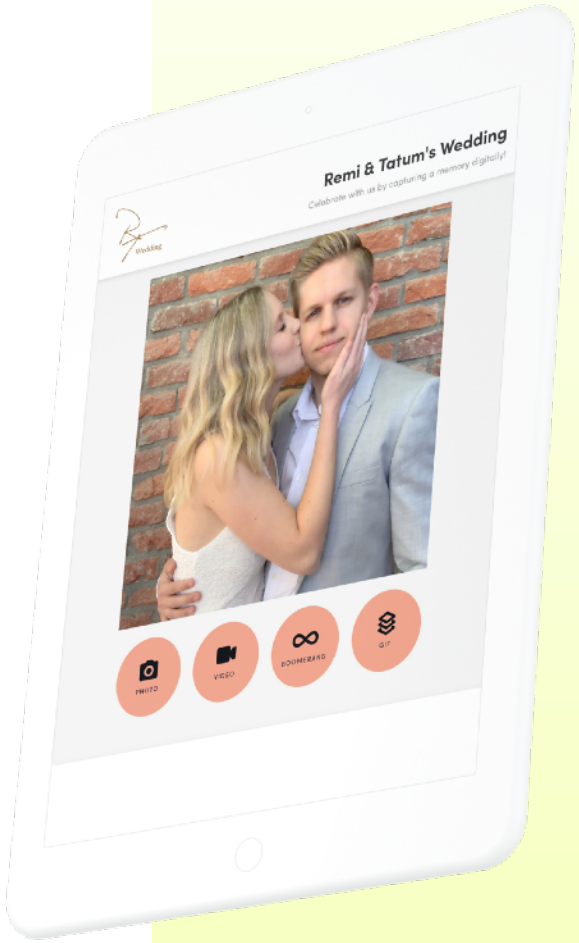
Branded Captures

The Virtual Booth allows you to:

- Add an overlay that matches your wedding to all the images to celebrate your day!
- Create custom emails thanking your guests for being there.
- Create a virtual guest book with our Live Gallery that you can look back at for years

How it works?

1. We send you your unique Virtual Booth URL.
2. You send that URL to your guests.
3. When guests click the link, they will be guided through the process via various custom branded screens.
4. Once they have taken their capture, they will be prompted to select your custom overlay.
5. Next, they get the capture by sending themselves a custom branded email.
6. Within the email, your guests can view all the captures, share their image directly to social media, or download it to their device.



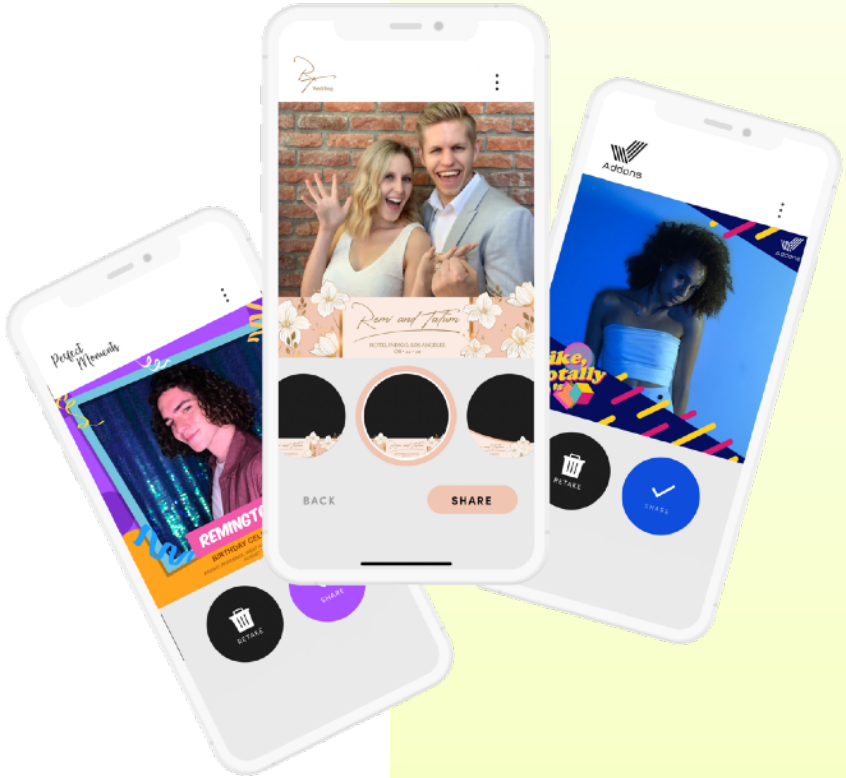
Virtual Booth Features

Custom Overlays

We'll use your wedding aesthetic to create a custom branded Virtual Booth experience.

The design possibilities are endless!

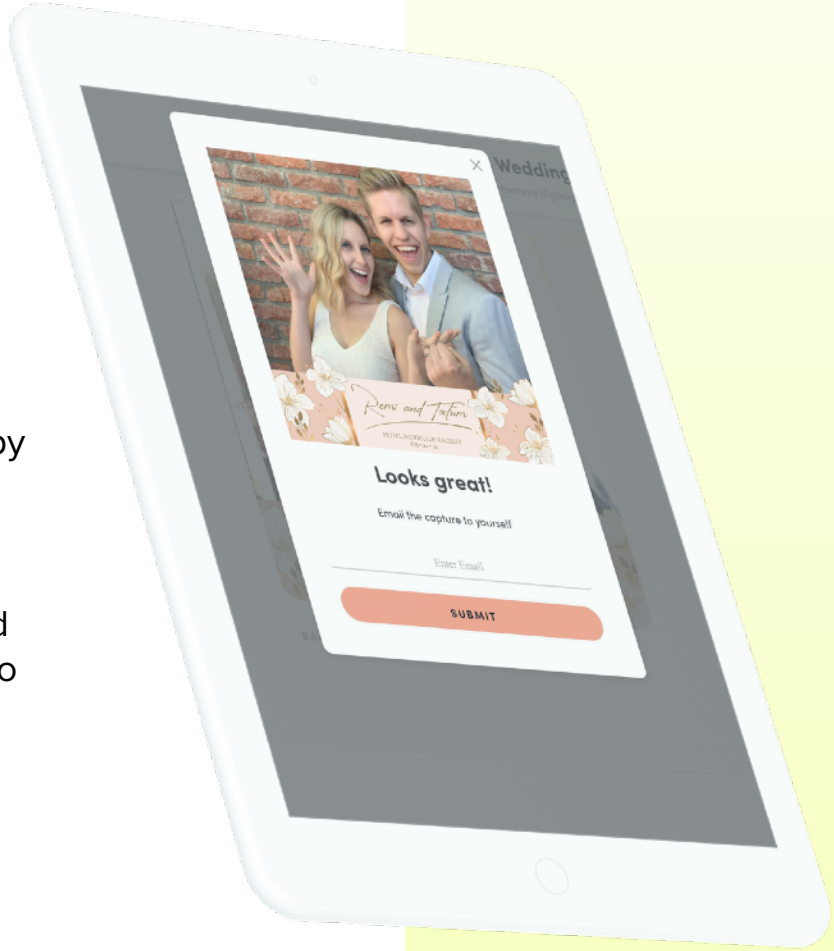
- Add your wedding logo
- Add your wedding colors
- Provide one or multiple overlays to allow guests to truly customize their captures.



Custom Email

Every guest will be prompted to email themselves a copy of the photo and this is your opportunity to share additional information or a personal message to them.

We will match the email colours and logos to your brand or event. Want your guests to take action? We can link to your registry, donation page, or wedding website.



Live Gallery

All the photos, videos, boomerangs, and GIFs will be aggregate onto a beautifully customized gallery. It’s like your very own Virtual Guest Book!

PS Captures from our in-person photo booth will also be added to the same gallery, so all your guests will feel together, even when apart.

PPS Did we mention it has a built in slide show option? It does 😏

PPPS You can chose to share it with everyone or keep it private.

Next Steps
