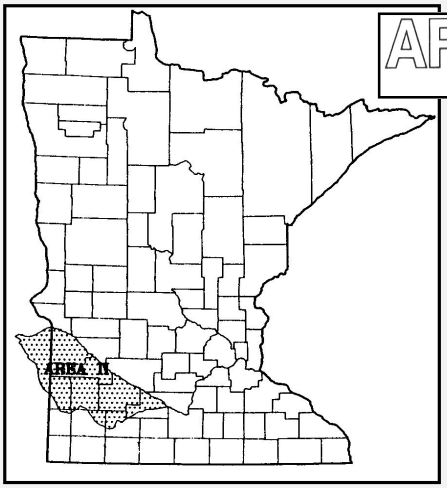
TOTAL EXPENDITURE	**$377,606.71**

Project Title: FLOODWATER RETENTION BONDING GRANT CONTRACT NO. P19-3353 $700,000 FY2019



AREA II MINNESOTA RIVER BASIN PROJECTS

Member Counties:
Brown
Cottonwood
Lac qui Parle
Lincoln
Lyon
Murray
Pipestone
Redwood
Yellow Medicine

Project Description:

Minnesota Statutes, Sections 103F.171-103F.187, establish a grant-in-aid program administered by the Board of Water and Soil Resources for providing financial and technical assistance to local government units (counties, SWCDS, and watershed districts) located within the Area II watershed for project and construction costs of floodwater retarding and retention structures within a general plan for floodplain management.

Nine counties within Area II have entered into a Joint Powers Agreement since 1978 to coordinate the implementation of such floodwater retarding and retention projects, and for this purpose established Area II Minnesota River Basin Projects.

Statute authorizes BWSR to supervise the program and provide project grants not to exceed 75% of total project costs where federal funds are not utilized, or 50% of the nonfederal costs where federal funds are utilized. Costs eligible for financial assistance include consultant engineering for design and construction inspection, land rights acquisition, material testing, soil borings and analyses, permitting and project construction.

GRANT SUMMARY (*to date as of 1/1/2021*):

Total Project Costs = $620,613.53
Local Match provided = $150,956.61
Other Government Funding = $92,473.13
2.50:1 state/local match
(3:1 minimum match required; for every $3 state funds, $1 local funds is needed)
175.948 acre-feet of new floodwater storage created, plus 35.514 acre-feet of floodwater storage restored
