GLOW BOOSTER (30 minutes) **$110.00**

Glutathione, a master antioxidant, has potential benefits of skin brightening and even tone, anti-aging effects, plays a role in the body's natural detoxification processes, and enhances general wellness

Ingredients: High-dose Glutathione (2,000 mg), Ascorbic Acid

BASIC HYDRATION (30-60 minutes) **$80.00**

Rapid rehydration and electrolyte replacement

Ingredients: Normal Saline (1,000cc)

ADDITIONAL ADD-INS **$30.00**

B12 boosts energy and combats fatigue, improves brain function and mood, and boosts immune function

B Complex supports energy production, metabolism, nerve function, and cell repair, providing an immediate boost to those feeling fatigued or stressed

Biotin promotes healthy hair, skin, and nails

Vitamin C helps the body fight off infections, including flu or common colds, helps combat fatigue and low energy, and plays a role in skin health and anti-aging

Glutathione supports liver detoxification, boosts the immune system, enhances energy levels, and promotes skin health by reducing inflammation and improving skin tone

Magnesium helps alleviate muscle cramps, spasms, and tension, regulates blood pressure, and helps manage symptoms of anxiety and stress

Zinc supports immune function, speeds up wound healing, and reduces inflammation

Customized Drip starts at **$110.00**

The frequency of IV therapy depends on individual goals, from once a month for general wellness or occasional immune support to bi-weekly for consistent energy and performance, or weekly for chronic conditions. Most people benefit from regular sessions to support optimal hydration and well-being.
