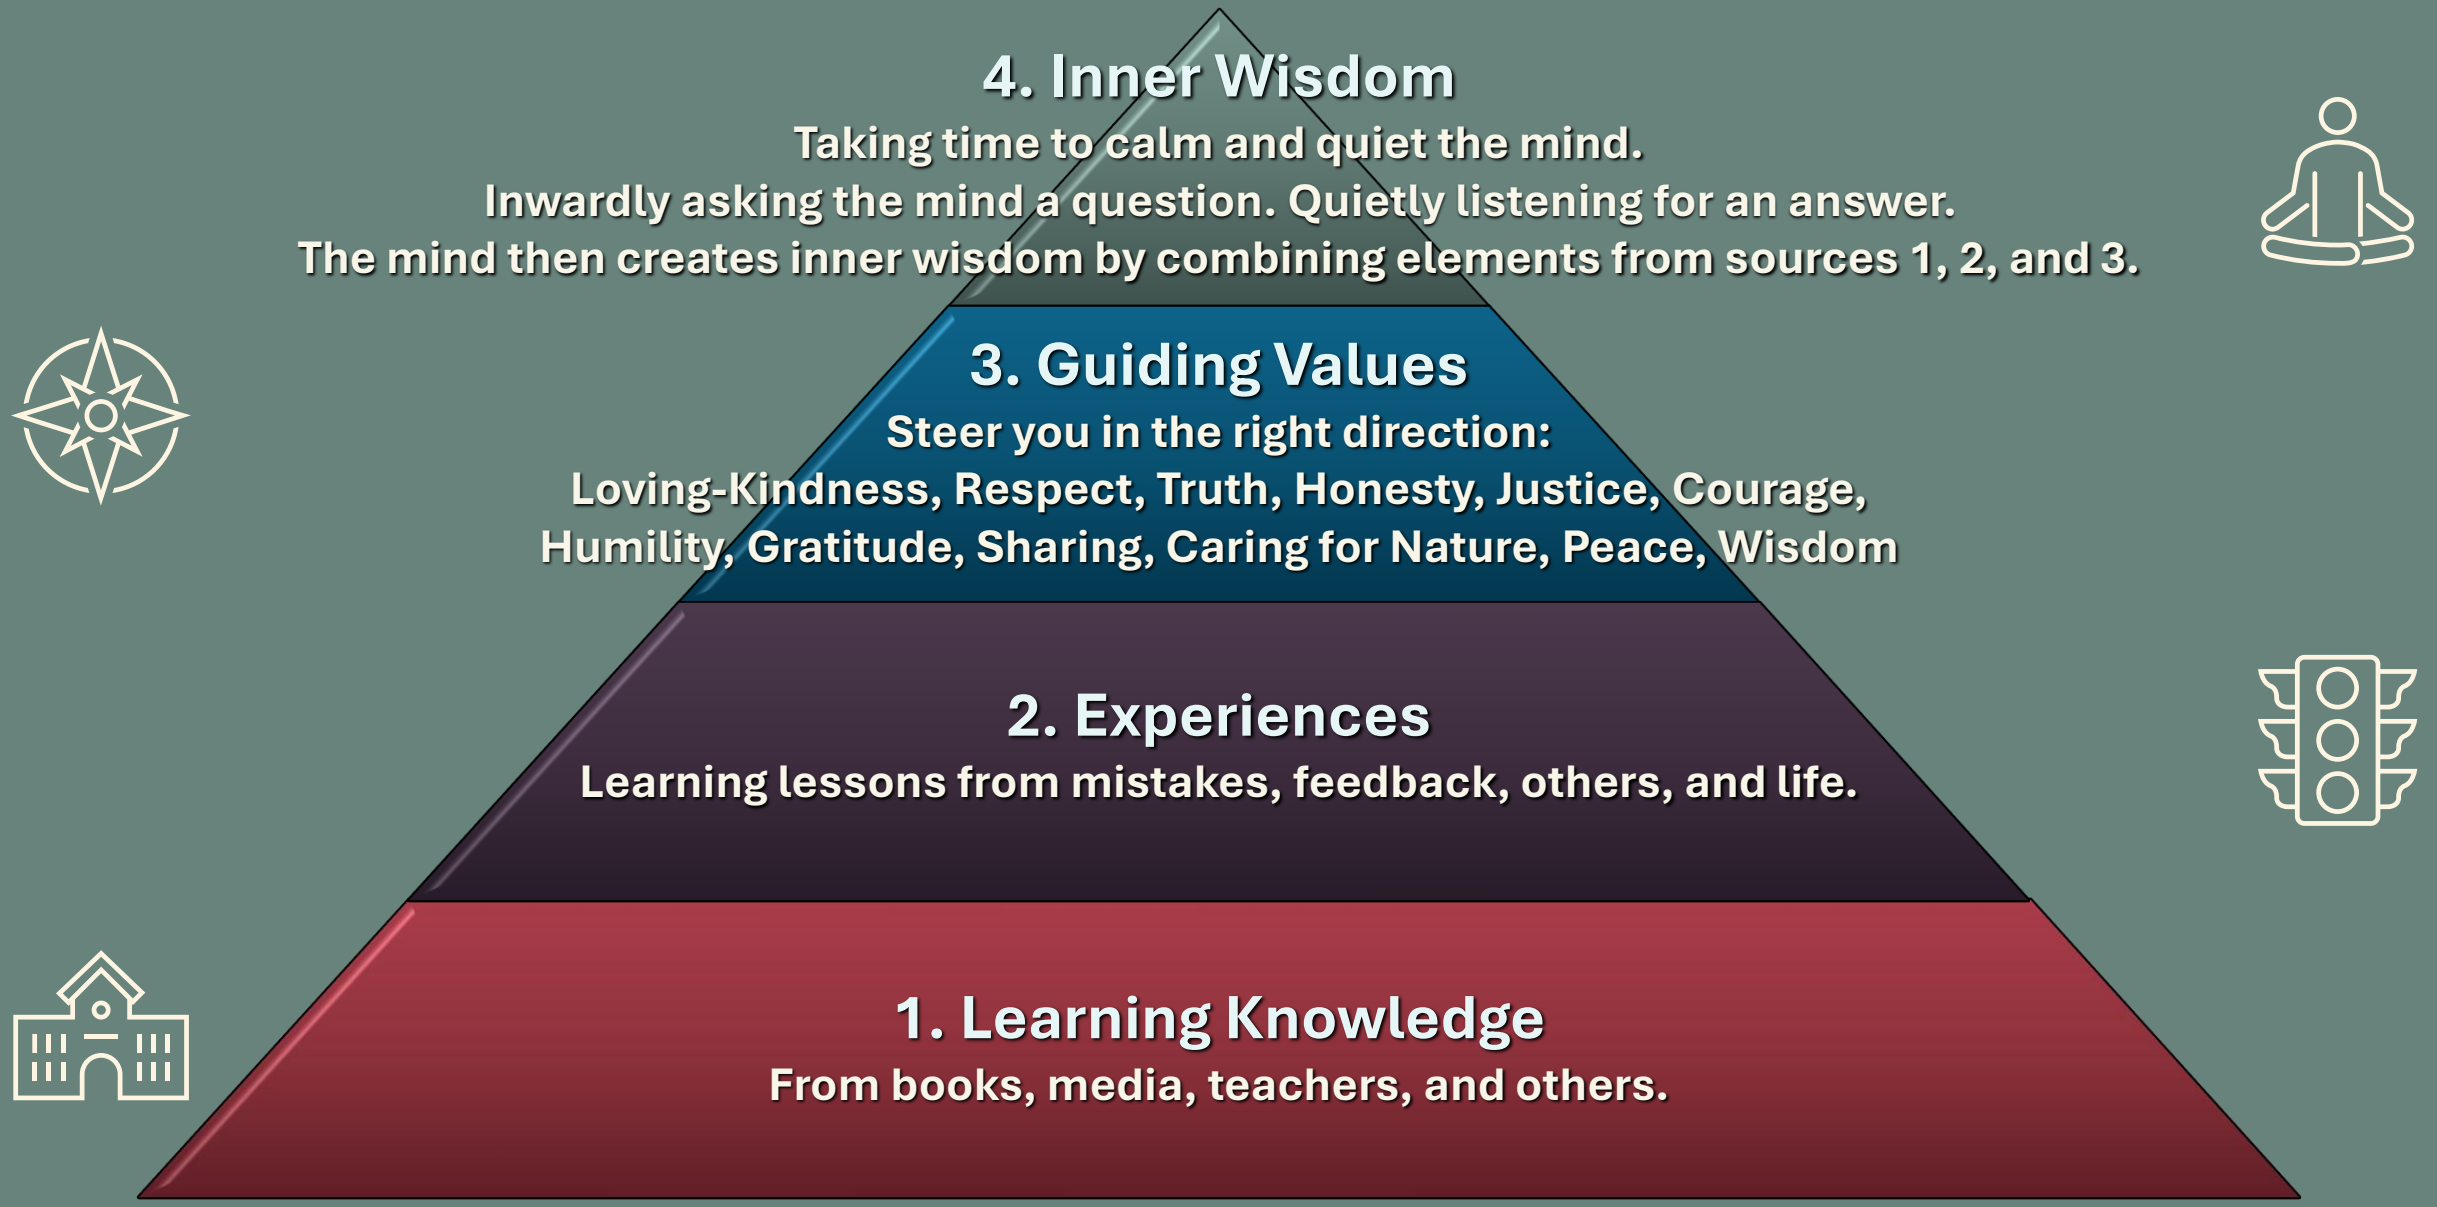
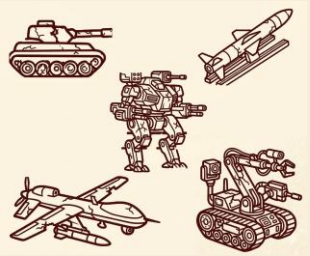
The Four Sources of Wisdom



WORLD FOOLISHNESS INDICATORS

Destructive Values, Unhealthy Relationships, Gangs, and Organized Crime	Ocean-Land-Air Disregard & Deterioration	Dysfunctional Countries	AI Alignment with Profit Only Creates Social & Environmental Destruction	Extractive Wealth Building for the Wealthy Only	Ever-Expanding Militarism Creates Human, Social & Environmental Destruction	No Funding for the Needs of People, Society, & Nature
Undermines community trust, fostering fear, conflict, crime, and violence	Accelerates planetary-scale ecological collapse	Governance failing to provide essential services and human security	Subjugate human needs to automated corporate efficiency	Systemically drain public resources for private hoarding	Perpetuate conflicts and divert budgets from all other needs	Systematically withhold resources for essential services and ecosystems

Trying to understand what we have created in the last 200 years out of millions of years of human evolution.
