Move Forward on 4th!

To the Sound Transit Board and Seattle City Council:

We, the undersigned business and property owners, urge you to choose 4th Avenue for CID/SODO light rail. Full closure of King Street, direct demolition/construction noise, air pollution, gas, water, electrical shut offs, historic properties leaving a community of color, displacement of up to 30 businesses on 5th Avenue and King streets would shatter community social life and economic livelihoods, already hammered by over two years of COVID-19, rising criminal activity and spikes in anti-Asian hate crimes.
