GenTek Inc.

"Built on Integrity, Based on Customer Success"

Covering Alabama, Arkansas, Louisiana, Florida, Georgia, Mississippi, North Carolina, South Carolina, and Tennessee

Representative Manufacturers

DATA ACQUISITION & SIGNAL CONDITIONING

PRECISION FILTERS	Signal conditioning, filtering, and precision DAQ systems High-channel-count transducer conditioning Measurement integrity and built-in verification www.pfinc.com
DATAFORTH®	Signal conditioning, data acquisition, and isolation modules Sensor interfacing and noise/ground-loop isolation Per-channel filtering, isolation, and amplification www.dataforth.com
B&K PRECISION	DAQ recorders and modular acquisition systems Electrical, thermal, and mixed-signal measurement Portable, high-speed, cost-effective DAQ platforms www.bkprecision.com/home/data-acquisition-recorders-loggers

TELEMETRY & DATA LINKS

CDSI™ CREATIVE DIGITAL SYSTEMS INTEGRATION	Digital beam-forming telemetry antenna systems Telemetry environment simulation and system test Multi-beam tracking for range, flight, and satellite applications www.cdsi-simi.com
Telspan Data	Ground telemetry systems and high-capacity data recorders Airborne telemetry acquisition and networked recording systems IRIG 106, TMoIP, and secure, standards-based telemetry architectures www.telspandata.com

SENSORS & TRANSDUCERS

interface FORCE MEASUREMENT SOLUTIONS	Load cells, torque transducers, and multi-axis sensors Tension/compression, fatigue, and structural testing Aerospace, defense, test & measurement applications www.interfaceforce.com
Dylix® Corporation	Pressure sensors and transducers Static and dynamic pressure measurement Configurable pressure solutions for test environments www.dylixcorp.com

Additional Manufacturers on Reverse Side

GenTek Inc.

"Built on Integrity, Based on Customer Success"

Covering Alabama, Arkansas, Louisiana, Florida, Georgia, Mississippi, North Carolina, South Carolina, and Tennessee

RF, FIBER & SIGNAL ROUTING

Optical ZONU	RF-over-fiber and fiber optic transport systems Long-distance RF and timing signal distribution High signal integrity over fiber networks www.opticalzonu.com
US Universal Switching Corporation Global Signal Switching and Distribution Specialists	Programmable switching and signal routing systems DC to 40 GHz RF, microwave, and video signals Automated test and lab switching solutions www.uswi.com

VIBRATION AND ENVIRONMENTAL TESTING

ets solutions ADVANCING TECHNOLOGY IN DYNAMIC TESTING	Induction ring, electrodynamic, and hydraulic shakers High-force, high-displacement vibration and shock Environmental test chambers (temp, humidity, thermal shock, corrosion) www.etssolution.com

PRECISION TIMING & SYNCHRONIZATION

ORCA TECH	Precision timing and synchronization systems IRIG, PTP, NTP, GNSS, and M-Code synchronization Modular time and frequency platforms www.orcatechnologies.com
