PALs Volunteer Hours Sign Off Sheet

Volunteering promotes leadership and awareness as students take an active role in their communities. Requiring community service allows students to become educated in how they can help others and the impact they can have in the community. PALs is run entirely by volunteers with a passion for helping the youth of our community. Volunteer hours earned at PALs events and while helping coach can be applied toward community hour requirements & scholarships. Please reach out to one of our board members to see how you can help. Gate keepers, trash clean up, concession, & coaching are just a few areas we always need help on. Current contact info can be found at www.ponderpals.com
