EUREKA DRINKING WATER

A Crisp, refreshing drinking water. Drawn from a 603-foot Artesian well, it goes through steam distillation and/or reverse osmosis. Select food-grade minerals are added back for an enhanced taste. It is the ultimate thirst quencher. It is superb for making coffee, tea, and lemonade.

Comes in 5-gallon and 3- gallon reusable plastic bottles. Also available in a 4-gallon, one-time-use disposable bottle. Great for emergencies, camping, remote agricultural work, etc.

EUREKA DISTILLED WATER

The distilled water is water in its purest form. It contains **NO** minerals or sodium compounds. Perfect for special diets, steam irons, medical equipment, and even watering plants.

Comes in 5-gallon and 1-gallon bottles (crate of 6).

NATURAL SPRING WATER

Natural Spring Water from the Ouachita National Forest, Polk County, Arkansas, where this high-quality spring water flows naturally to the surface.

Comes in 5-gallon reusable plastic bottles.
