Acorn Finance is a secure online marketplace that connects consumers with lenders, not a lender or loan originator itself. Acorn Finance is licensed by the Idaho Department of Finance. Regulated by state and federal laws. State restrictions may apply.
[1] A soft credit pull is used to check for offers and does not affect your credit score; a hard credit pull occurs only if you finalize and accept an offer. [2] APR ranges 4.49%-35.99% for loans from participating lenders. [3] Actual terms received depend on personal credit factors. [4] Loan terms 2-12 years. Example of a repayment: A $10,000 loan with a standard 8.94% interest rate and 10% origination fee would result in 84 monthly payments of $161, with a total cost of $13,524. All offers and terms received are personalized based on loan amount, credit profile, and borrower income. [5] Funding times can vary.
