EXT. RURAL BACK ROAD - EVENING

GYM BRO
Yo, I actually just got back from the gym… You should totally check out this pump! You wanna see?

WILLOW
Um actually-

GYM BRO, gets out of the car and starts flexing/ making grunting noises.

WILLOW
No- oh, you're already out of the car, okay.

GYM BRO
I took like 4 scoops of Nitro Shred and my muscles look as carved as a Greek god.

WILLOW rolls her eyes and silently laughs-snorts.

WILLOW
Go ahead and name a Greek god for me, buddy.

GYM BRO gets back into the car and leans toward Willow.

GYM BRO
Uhh, I don’t actually know the name of one, I just look like one… Do you go to the gym?

WILLOW
(unconvincingly)
Yeah, of course, I go to the gym.

GYM BRO
Really? I never see you at the gym in town. Isn't there only one?

WILLOW
That's because I take my training super seriously, so I go to the super… nice gym. Ya know, Diamond CrossFit is in the next town over.

GYM BRO
Whoa, I didn’t realize you were that serious about it. What exactly are you training for? Like a marathon or something?

WILLOW
Yup, that's exactly it… So GYM BRO, what are you looking for?

GYM BRO
A bang buddy. No strings. How about you?

GYM BRO crosses his fingers and slightly closes his eyes

GYM BRO
Please say bang buddy. Please say bang buddy. Please say bang buddy.

WILLOW
Uh, no, actually, I was more looking for a partner, someone who can fill this massive hole of loneliness inside me.

GYM BRO
I could definitely fill that hole… If you know what I mean.

The camera pans to show the soda spills onto a disposable camera. Then the camera tilts up and shows LUCAS' face.

WILLOW
Oh my gosh! Is that yours? I'm so sorry!

Willow attempts to clean up the spill, but only seems to make it worse.

LUCAS
Don't worry about it.

Willow stops trying to clean up and looks at Lucas with quizzical eyes. Lucas looks thoroughly at her face, making her take a step back.

LUCAS (CONTINUES)
Wait, didn't we go to school together? Willow? Right? You live a couple of houses down from me.

WILLOW
Yeah, or in your case, you could call me… the girl who ruined your camera with 24 ounces of an overly sugary carbonated beverage.

LUCAS
Oh, Willow, they aren't that important. Just the last photos I ever took with my grandmother, who passed recently…

WILLOW
Oh my god! I'm so sorry!

LUCAS
(Laughing)
Relax, I'm just kidding. It's mainly nature shots. They are not that important. Plus, disposables are like $15. Nothing crazy. Who knows, maybe the carbonated beverage will make the film turn out cool.

WILLOW
(Laughing)

Wow! You really suck, do you know that? I was ready to go bring flowers to your grandmother's grave.

LUCAS
Good thing she isn't dead then, but she's allergic to peonies… and roses.

WILLOW
Good to know.

LUCAS
So I don't usually do this…

WILLOW
Make women mourn the loss of your fake dead grandmother?...

LUCAS
(Chuckles)
Well, yeah, that is a first, but I was wondering if I could have your number.
