

7 HOURS CPD

UPGRADE YOUR ANAESTHESIA SKILLS

VETX-CPD

Come join us for 7 hours CPD in a small group learning environment with Aoife Ryan, *head of anaesthesia at the Royal Veterinary College*

Lectures

- Blood Pressure is a rollercoaster - tips and tricks for a smooth-sailing GA
- Reduce those 'ruff' recoveries by using local anaesthetics
- Capnography - it's not optional, it's Co2-bligatory
- Sustainable anaesthesia

Small Group Case-Based Discussions

1. How to integrate all this knowledge into real life situations
2. And how to then choose the best analgesics and pre-meds for your patients
