LAZORE

LAZORE EP REVIEW

New York alt rocker LAZORE shines as a solo artist with this edgy and melodic self-titled EP.

The 5-track record starts with the grooving anthem, "Heyday" demonstrating LAZORE's unique clean vocals and an alternative rock appeal.

"Would You Believe Me" is another standout single to showcase impressive percussion and a catchy chorus.

From start to finish, the LAZORE EP is a new take on a familiar rock 'n roll sound with both a classic feel and a modern voice for new fans.

Versatile artist LAZORE soars through each song with raw emotion and an energetic passion for music that will have the listener singing along.
