EDUCATIONAL QUALIFICATION

Post Graduation| (2022-2024) Master in Computer Application, 2022 |
Centre For Post Graduate Studies|OUAT, Bhubaneswar

Graduation| (2018-2021) Bachelor of Science in Chemistry, 2021 |
Biju Pattnaik Degree College of science and Education, Jaydev Vihar | Utkal University, Bhubaneswar

Intermediate/+2: (2016-2018)
Dharanidhar Junior College, Keonjhar
Council of Higher Secondary, Odisha |

High School: (2014-2016)
N.S. Police High School, Keonjhar|
Board of Secondary Education, Odisha

TECHNICAL SKILLS

- Python
- SQL
- Data Science
- Data Analytics
- Data Visualization
- Machine Learning
- Artificial Intelligence
- Mathematics and Statistics

TOOLS AND TECHNOLOGIES

- Pycharm
- RStudio
- MySQL WorkBench
- Anaconda Navigator
- Jupyter Notebook
- Microsoft Excel
- Tableau

HOBBIES

- Cricket
- Singing
- Creative Design
- Travelling
- Reading

SUMMARY

"Data really powers everything that we do."

After completing my Graduation in B.Sc. chemistry, I want to make my career transition into Data Science Domain.

I am Seeking an Opportunity where I could leverage my skills and experience to guide business decisions and my education, qualifications and acquired skills will be utilized to their best to improve the company's overall performance. Passionate about building models that fix problems. Relevant skills include machine learning, problem solving, programming, and creative thinking.

TRAININGS & CERTIFICATES

Data Science and Artificial Intelligence -**UpGrad** | Feb 2022 - Nov 2022

Udemy -Machine Learning with Python

Udemy-Machine Learning & Deep Learning in Python

Udemy-Data Analytics Real World Projects using Python

STRENGTH

- Excellent communication and inter personal skills.
- Exceptional leadership qualities, a team player, self-motivated, adaptability and flexibility in working environment.
- Profound commitment and determination towards work
- Well organized and able to meet deadline
- Good analytical power and comprehensive problem-solving abilities.
- Good in Time Management, Adaptive, Punctual and Problem solving.

PROJECT

- **Credit EDA Case Study**
  Objective: Developing a basic understanding of risk analytics in banking and financial services and understand how data is used to minimise the risk of losing money while lending to customers.
  -Exploratory data analysis
- **Humanitarian Aid to Underdeveloped Countries-Kaggle**
  Objective: choosing the countries that are in the direst need of aid.
  -Used Clustering, EDA, PCA…etc
- **Lead Scoring**
  Objective -Building A model to get promising lead for the educational organisation
  -Used Logistics Regression, EDA etc.
