Unknown mix
(likely to be medium-large when grown)

- Great with kids
- Potty trained and doing great with crate training
- Smart and eager to learn
- Health-checked, vaccinated, dewormed & microchipped

Meet Autumn!

This beautiful girl is an absolute sweetheart, and her foster family has nothing but wonderful things to say about her!

Autumn is a clever little pup who loves learning new things, especially when there are treats involved! She already knows how to sit, shake a paw, and lie down, and she's been doing great walking on a leash, too. She's great with children and has shown some promising signs around feline friends.

Autumn has a fun, playful side and loves her stuffed toys. She's also a big fan of chewing on a bone in the evenings and occasionally gets a little mischievous when she's in the mood to play.

Autumn is doing wonderfully with her puppy routines, with no accidents in the house and a great bedtime routine in her crate. She can be a little startled by loud noises, so she'll benefit from some continued encouragement as she builds her confidence.

This Thanksgiving, Autumn is hoping for a family to call her own. We have a feeling that whoever gets to bring this sweet girl home is going to have a whole lot to be grateful for.
