See Learning Clearly

Academic Eye pricing is simple and scalable. Rather than adding a new expense, Academic Eye consolidates existing costs for student information, grade reporting, family communication, payments, and related tools into one platform. Pricing includes an annual subscription, one-time implementation fee, and training and support.

2027-2028 Pricing Model

Contracted Enrollment	Annual Rate	1-Time Implementation Fee
1-500 students	$23/student	$750.00
501-2,500 students	$22/student	$1,500.00
2,501-5,000 students	$21/student	$3,000.00
5,001-10,000 students	$20/student	$5,000.00
10,001-25,000 students	$19/student	$7,500.00
25,001+ students	custom	custom

Annual Rate includes: Full Academic Eye platform access, all features and updates released during the subscription year, ongoing technical support, student, educator, leadership, and family accounts, data storage, and platform maintenance.

One-Time Implementation Fee includes: Onboarding, initial platform setup, and initial training on platform use. Implementation fee stays consistent through scaling.

3 Year Scaling Plan

Jan-May 2027 $7/student	Core Platform: Complete grading and reporting system, LMS functionality, and foundational SIS, communication, and integrated resource hub capabilities.
2027-2028 $19-$23/student	Expanded Platform: Complete grading, reporting, LMS, communication, and resource hub capabilities, with expanded student information management and additional school operations functionality.
2028-2029 $33-$37/student	Consolidated School Platform: Full SIS functionality alongside grading and reporting, LMS, communication, and the integrated resource hub, allowing schools to consolidate multiple systems into one connected platform.
