AMERO AUCTIONS SHIPPING AND STORAGE POLICY:

1. **Amero Auctions does not provide in-house shipping, but we do provide a list of shippers who work in our area (below). Buyers are responsible for choosing and contacting their own independent third-party shipping companies and need to pay the shipping company directly for packing, shipping, and insurance costs.** For large items or if you're shipping to other countries, please obtain an estimate from your shippers before bidding.

2. Buyer must pay the shipper directly, not the auction house, for packing, insurance, and shipment of your items.

3. Insurance: Please note it is highly recommended to insure your packages for the full amount of your invoice.

4. The deadline to remove lots you have won is the 2nd Friday (12 days) after the auction or storage fees will apply.

5. 30-day policy – We are not responsible for items received over 30 days from the end of our auctions. If any item is received over 30 days from auction, there is no recourse unless previous arrangements have been made in writing with Amero Auctions.

6. All shipped items are tracked. Please be aware of your local laws concerning forbidden items as your customs agency or law enforcement may confiscate those items. The auction house will not be liable for those items.

7. It is imperative that you email us at office@ameroauctionhouse.com or call us at 941-330-1577 to notify us of your shipping choice and what day they will be picking up your shipment. We may not be able to release items to packers/shippers if they show up without notice.

8. Shippers must retrieve all items from our facility located at 1540 N Lime Avenue, Sarasota, FL 34237. We are open for pickup from 10AM to 4PM, Monday through Friday. We do have a loading dock where larger items can be retrieved.

9. STORAGE FEES of $10 per day per lot may apply on the 13th day after the auction if you have not notified us in writing of the arrangements you've made with your shipping company.
