

# Fynn: The Only Loan With Superpowers

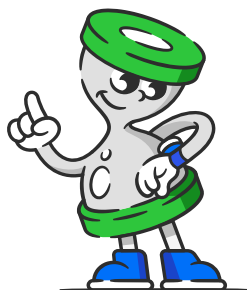

## Why Choose Fynn?

Fynn loans come with 3 superpowers we call your **Member Benefits**. You won't find these benefits at any other lender. Here's how they work:

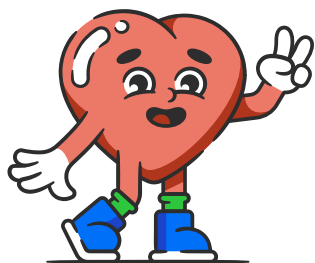

### Payment Reduction

If your income drops below a certain level, Fynn will cover up to **20% of your monthly payment!** If you qualify for this benefit, there are no fees, no penalties, and you never have to pay back the amount Fynn covered.

### Payment Pause

If your income drops significantly below an average salary for your occupation, or you lose your job, you can apply to **pause your payments!** Your interest also stops accruing during a payment pause if you qualify.

### Loan Forgiveness

Our loans are set up to be flexible and keep you on track. However, if you still haven't finished paying off your loan within 15 years, we will forgive any outstanding balance on your loan. It's as simple as that.
