Looking for School Bell Sponsors at Sheldon School

Sheldon school has been undergoing some needed repairs and a new cupola. What is needed in this cupola is the original bell. We have the original Sheldon School bell. What we don't have is a person or business sponsor to pay or help pay for the bell to be installed in the new cupola. This would help bring this building back to its historic state.

The building is now used for the Head Start program. It is nice to see children in the old one room school and it would be especially great if we had a working bell. Can you help us find a sponsor for the bell?

Don't forget! Museum is closed January and February

Every year at this time the museum is closed for cleaning and some rearranging of the displays.

In March, come on in and sit a spell and see what's new. It would be nice to see you again and let us know what you think or maybe how we could make things better. We are always open to suggestions.
