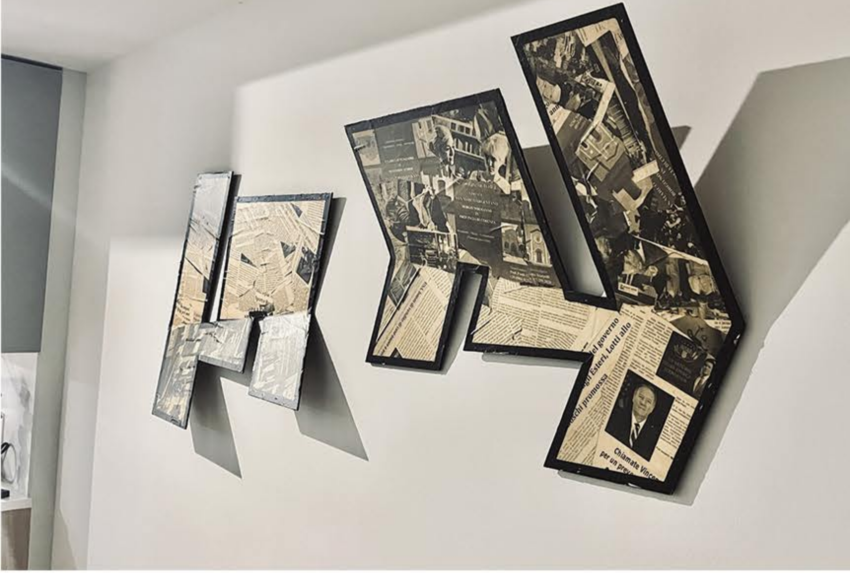
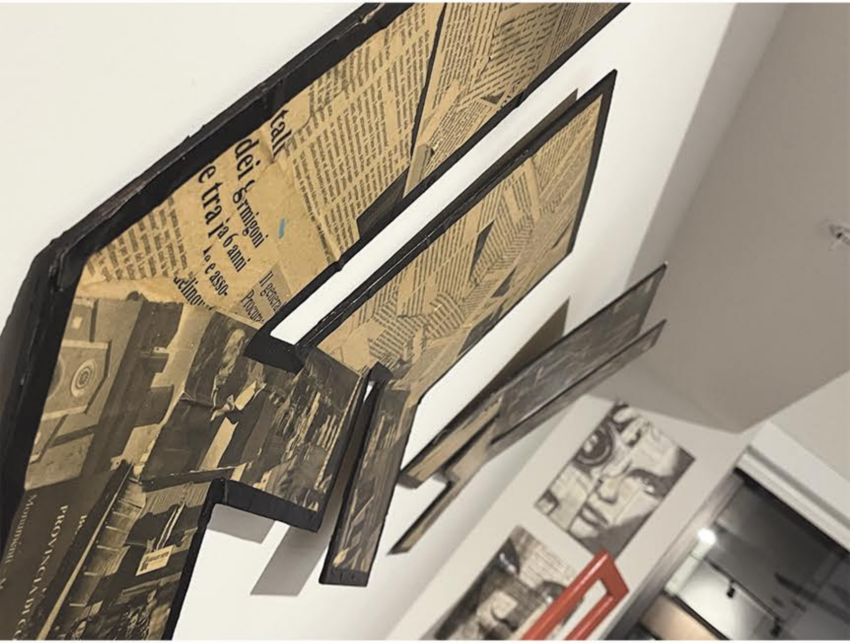
SCULPTURES

Working with a range of materials has allowed me to expand my creativity and explore innovative techniques.

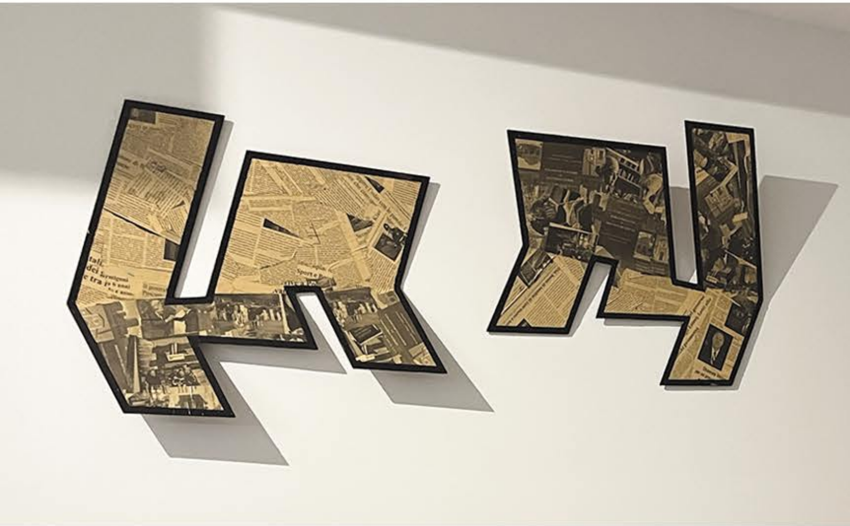
TIME MACHINE



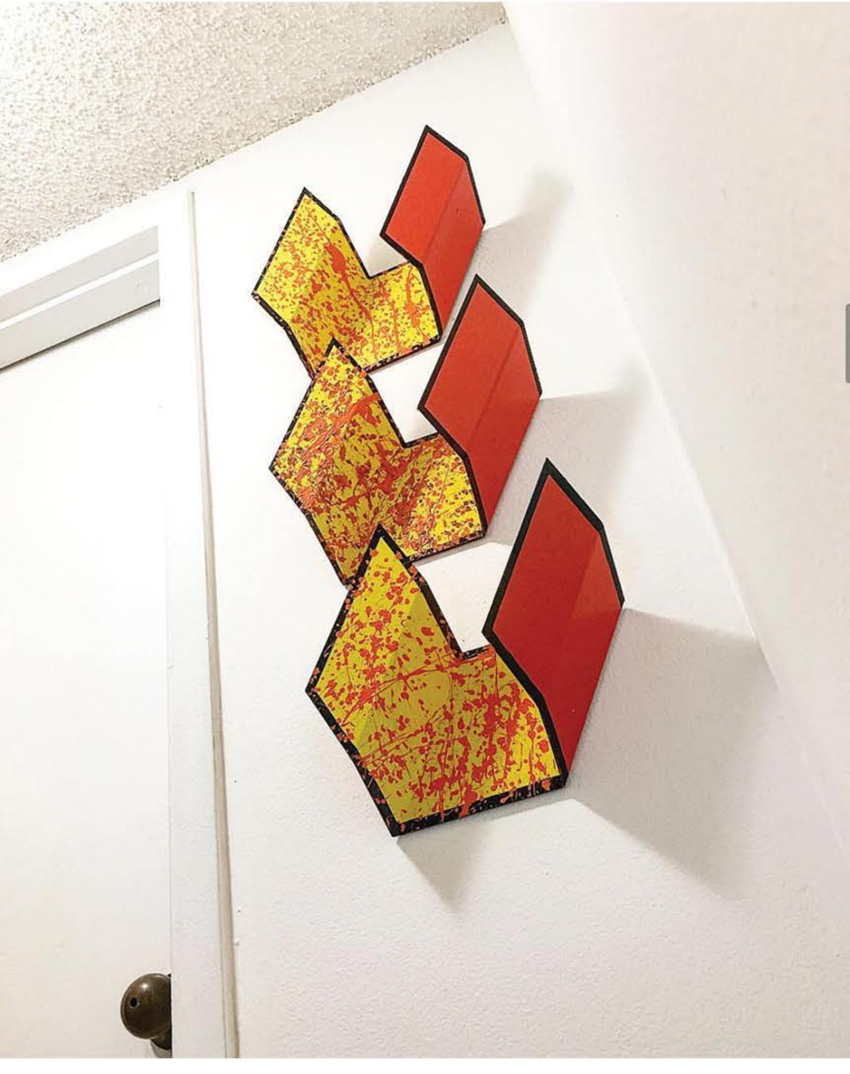
Made in aluminum covered with newspaper all arround.



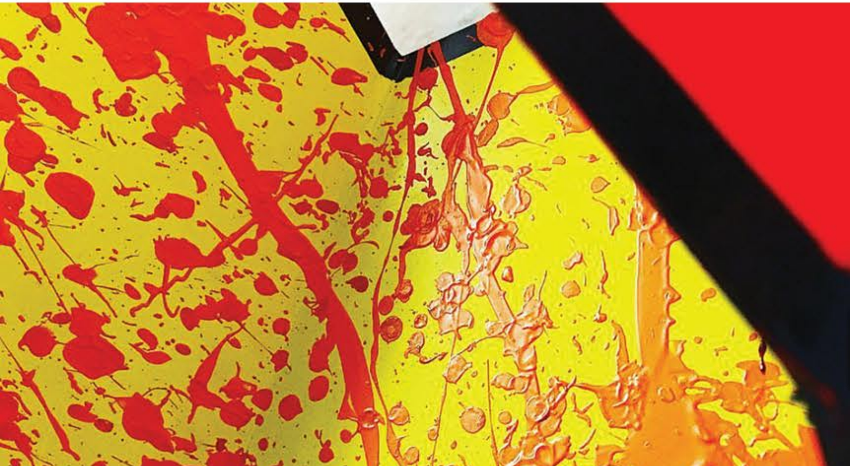
The left side represents the past, the right the future, and standing in the middle reminds you that you are here, in the present moment.

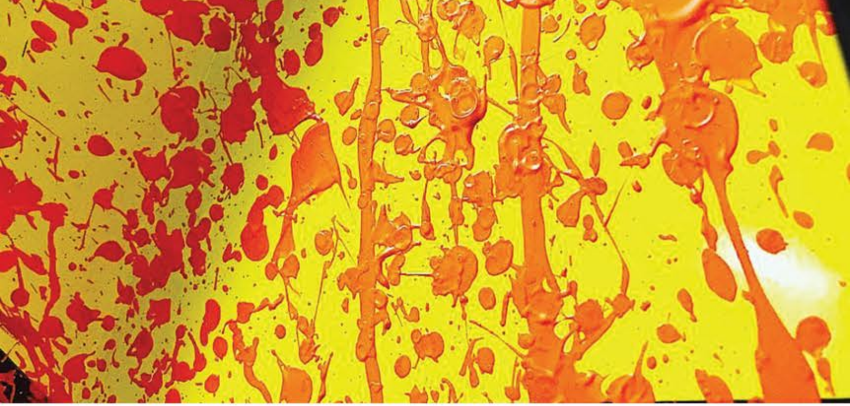


Cause & Effect



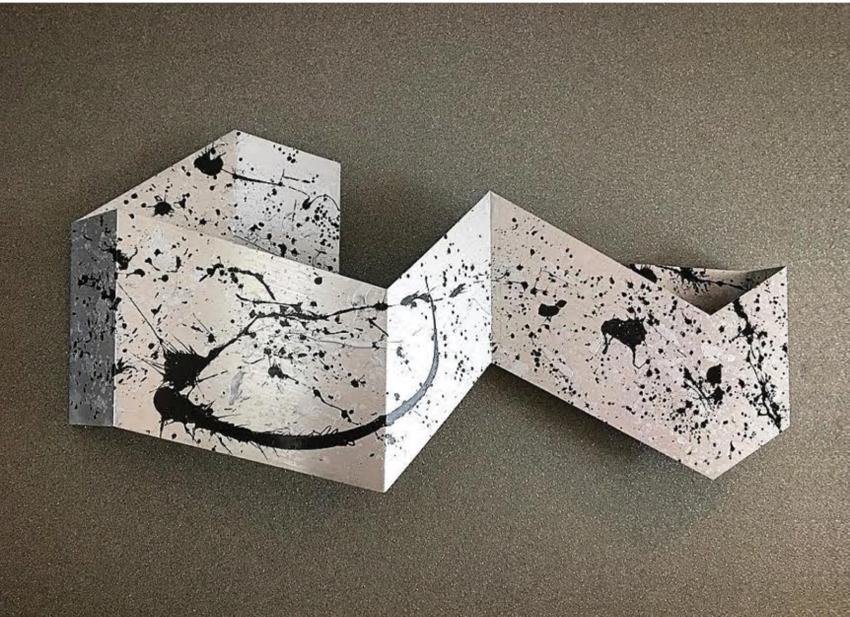
Aluminum pieces with arylic paint.





Each piece is installed with a magnet, allowing you to interact with it.

POWER



Made in aluminum with Acrylic paint.

Staying strong in every situation empowers you to overcome life's challenges.

Growing Up

Made of metal and painted with acrylic
on a wooden base.

The soul's journey begins when we
release the ties of the past to step into
the life we were born to create.
