hey there!

We're Rob and Mike

RANCH HOSTS

As stewards of the land, we take our role at Lucky U Ranch Livestock Conservancy, Inc. seriously. Our commitment extends to the careful management of both our livestock and the land we call home.

We specialize in raising Nigerian Dairy goats registered through the American Dairy Goat Association, as well as miniature horses and donkeys. These animals are offered to fellow ranchers or neighbors seeking to add to their herds or looking for a new companion.

Running a working ranch allows us to actively participate in the daily care of our herds while balancing other professional commitments. We owe much to our dedicated Ranch Hands, whose tireless efforts in caring for the land and livestock are indispensable to our operation.

Recognizing an opportunity to share our remarkable land with others seeking a natural retreat, we opened our property to campers in March of 2023. Our goal from the outset has been to create an exceptional camping experience. We offer RV sites with hookups, tent sites with electricity, and secluded primitive campsites. Our pavilion, complete with restrooms, outdoor showers, a cleaning station, and a complimentary coffee bar, underscores our dedication to providing a unique, clean, and secure environment for our guests.

Bringing together our passion for the land and our friendly livestock has led to countless memorable moments and special connections with our animals. As a licensed Agritourism Ranch in Florida, we offer guests the opportunity to interact with our animals, from petting baby goats to meeting our Anatolian Shepherds, guardians of our herd, and experiencing ranch operations firsthand.

We eagerly anticipate many years of sharing our land with like-minded nature enthusiasts. We invite you to enjoy your time here and consider our ranch your home away from home.

RANCH ETIQUETTE

YOUR COOPERATION MEANS A LOT! THANKS FOR BEING AWESOME! ENJOY EVERY MOMENT OF YOUR CAMPING ADVENTURE!

Campsite Check-in/Check-out:
Arrive at 2:00 PM to start your camping journey! and say farewell by 12:00 PM to end your delightful stay.

Nighttime calm:
Keep things quiet from 11:00 PM to 8:00 AM for a tranquil camping atmosphere.

Wildlife-Friendly Zone:
Drive gently at 10 MPH to create a safe haven for the creatures that call our campground home.

Special Deliveries:
If you're expecting some Amazon or Walmart goodies during your stay, just give us a heads-up and we'll make sure your packages find their way straight to your site!

Gate Etiquette:
Keep the gate in line with ranch etiquette—always return it to its original position.

Melody Manners:
When it's tune time, keep it cool but courteous. Bust out your fave jams, but stick to headphones or a small speaker. Let's keep the campground vibe relaxed and the volume down for everyone's enjoyment!

Keep it Clean:
Remember to use the trash cans for garbage, and please avoid leaving any trash, like cans, paper, or cigarette butts, at the fire pit or picnic table. Also, be mindful not to leave items unattended—our mischievous donkeys might explore and playfully knock things over! Let's consider shared spaces and remember: unless it's gold, your trash isn't someone else's treasure! Stick to the golden rule: pack it in, pack it out.

Paws & Pick-Up:
Leash your pets and scoop their souvenirs! Grab waste bags at the Pavilion to ensure a clean and enjoyable campground for all!

Light it Right:
Bright lights might dazzle, but they can also disturb. Opt for softer lanterns or LEDs to keep the night gentle on the eyes and our woodland friends happy!

Campsite Courtesy:
Explore freely, but be mindful. Resist the shortcut temptation—avoid cutting through others' campsites. everyone deserves their own space to enjoy the camping experience!

Ranch Animal Haven:
Please do not enter the livestock area unless accompanied by a guide. With a guide, our Anatolian Shepherds are eager to greet you with wagging tails and friendly kisses.

Admire Nature's Grandeur:
Respect and be mindful of your environment and the animals that call it home. Capture memories with photos, but leave cultural or historic structures and artifacts untouched. Preserve rocks, plants, and other natural finds as you discover them.

Fire Fun:
A campsite without a fire is like a night without stars—let's keep the magic alive! But remember to douse your fire before bed, before you head out for the day, or when you bid farewell to your site. Make sure those coals or ashes are cool as a cucumber. In addition, please help us keep the campsite cozy and safe by refraining from moving the fire pits.
