# MEET THE HOSTESS

## The Venue on Main

*at The Railfan*

This beautiful new venue in Downtown Cameron is the next step in the success story of Barbara Dominguez, a native of Cameron. Barbara, as many know, has been a regular in the catering business in and around Cameron with her Hot Corner food trailer and her famous artistic charcuterie boards.

Before taking the bold step into becoming an entrepreneur, Barbara worked at Scott and White Hospital for 22 years in the Ophthalmology Department working for Dr.s Glen Brindley and Calving Eshbaugh. Barbara started a small catering business in 2016 while still maintaining her position at the hospital. Then in 2017 she moved forward and purchased a food truck. 2018 was the year she made the brave decision to become a full-time entrepreneur. If that wasn't enough Barbara formed a second company HC Services, a commercial janitorial company. 2021 brought about HC Charcuterie. Created in 2022, Oh Sugar Bakery. And 2023 is Barbara's latest business as the owner of The Venue on Main at The Railfan. And what an ideal day to celebrate her good fortune and hard work.

She has been catering for weddings, Quinceaneras, showers, corporate events, holiday parties, birthdays, and more. Now she is offering the ideal venue located on the square in Downtown Cameron.

Barbara is married to Jamie Dominguez and they share their son, Jaime Paul Dominguez. She is currently on the board of the Cameron Chamber of Commerce. On May 5th she will be sworn in as a city council member for the City of Cameron representing Ward 5. Barbara is a previous board member and current member for the Hispanic Patriotic Committee in Cameron. She is a member of St. Monica's Catholic Church in Cameron.
