Debbie McCain - Administrative Report
Date: Dec. 16, 2020

- The learning packet delivery on Dec. 14th was a huge success. A big thank you to the drivers and the staff who helped get the packets and some holiday gifts in the hands of the students. We also had a great return of completed learning packets from the students.
- Full remote learning is going very well. Teachers are live daily along with recording lessons for students to view daily. Mr. Meyer and I have made well visits the past three weeks checking on students, delivering devices and providing friendly reminders of the importance of students staying engaged daily.
- The staff and students are making the holidays bright with a spirit week Dec. 14-18th! Monday – long winters nap – PJ day, Tuesday – bring your blanket to class day, Wednesday – winter white out day, Thursday – holiday cheer – wear your holiday sweaters, hats, socks and Friday – flannel Friday!
- Report cards were open for parents to view on December 1st for the first trimester.
- Teachers will be working with their grade level teams on the curriculum alignment process on Friday Dec. 18th for the planned professional development.
- Have a safe, healthy and joyous holiday! Thank you for your support to all of our staff and students!!!
