OLD BUSINESS:

- State Omoksee: Went off great, all were happy, parking needs to be addressed for this event and any other big race.
- Sign boards, Don is still working on the leads he has
- Brandy is painting our grandstand sign and announcer sign to brighten up.
- Dave has a lead on possible reader board he is researching for the club, will get back to us.
- Septic tank location: the ground is marked where it possibly may be, will need to dig it up to find the riser, once found will talk about bringing it up t ground level to find easy from now on.
- Sprinkler sensor has been fixed. Parts are still on order for the #1 sprinkler; it can only be run 4 min at a time not 6 like all of the others.
- Discussion on rental of horse pasture and where they are able to eat on property.
- Due to the hot weather mounted shooting practices were moved to 7-9pm
- Bi-laws- we had previously voted on but did not get added Article V, sec 2, part A
- Play nights have been great, more and more people showed up
- Grounds speaker for back side of announcer stand was installed
- An oscillating fan is needed for club house was purchased
- Drainage ditch still needs work where the leak is.
- Roping clinics, Patti still researching.

NEW BUSINESS:

- Barrel Series brought in a total of $2587.38 after all payouts and awards were deducted.
- The bug 3 race on Sunday 8/25/19 had a profit of $1505.00 after payouts for prizes.
- Jamie has thank you cards for the club now to send out with letters for sponsors of the big 3 race.
- The Parade had 3 more riders than last year, great ride and positive experience, Jamie contacting parade announcer as they did not properly announce club.
- No new club house rentals right now
- Parking for any big race needs a parking enforcement crew, day parking short trailers one side, overnight and long trailer parking with any kind of panels need on other side.
- Don acquired all sign boards he had been working on except Howell Munitions. New this year Marshalls Trading post and Land and Title.
- Dave and Brandy not here so no updates on septic tank riser, ramp/porch for club house, signboard, finishing painting signs.
- Voted and approved to buy a new sprinkler head for the #1 sprinkler, too much trouble tracking down parts.
- Patti still talking with roping club prospects and contractors
- We are watching diesel prices to possibly fill tank if needed
- No set work day, Lisa will make a list of things that need done and people can volunteer on their own time. Please contact Lisa to see what is needed and how you can help get club winterized.
- Voted to get new hose to fill water tank with. We will also need to clean tank out to get the small plastic pieces that keep plugging nozzles.
- Christmas party is December 1st at 1pm, potluck, Club will provide the meat. We will introduce the new royalty at that time, however there will be a separate royalty coronation event at a later date.
- Jack-o-lantern Jackpot 4D Barrel Race will be put on by our 49er's saddle club royalty 10/12/19, $500 added.
- Royalty try outs will be 10/13/19 @ 11 am…contact Erika Raggio for more information 208-816-3296
- Royalty has graciously been putting together a playground redo with a new swing set, play house, and sand.
- Judy race 9/12/19, arena will not be open to use for her proposed race 10/26/19

49er's Royalty Court News: September 2019

Our royalty court represented us at the Lewiston Roundup this past weekend. They led our club officers, directors, members and past royalty through the parade! We then attended the luncheon where they gave introduction speeches and encouraged those attending to join us next year as club members. The day ended with a royalty wall run, where all three girls and their horses were fast, beautiful and safe!
