"Forgetting what is behind and straining toward what is ahead, I press on toward the goal to win the prize for which God has called me heavenward in Christ Jesus.."

Philippians 3:13-14

Pressing Forward in Faith

Dear Friends and Faithful Supporters,

I've just returned from a sobering but purpose-filled trip to Haiti. The goal of my visit was to assess the condition of the land, the people, and the readiness for the opening of our school this coming October 2025. What I encountered was both eye-opening and deeply moving.

The devastation is great, the fear is overwhelming, and the need is undeniable. Throughout our time there, we faced many obstacles. It felt as though the voices of the Christians are being silenced—hidden under the weight of fear and unrest. It was a painful reminder of how urgently we must continue to pray for the Church in Haiti.

And yet—we will move forward.

"Access to clean water can't wait—it's a daily need, not a distant goal."

Prayer Request: *Lord, I pray that You provide a clean and lasting spring of water for our school in Haiti. May it be a source of life, health, and a testimony of Your faithful provision*.

...

"For Such a Time as This"

"For if you remain silent at this time, relief and deliverance for the Jews will arise from another place, but you and your father's family will perish. And who knows but that you have come to your royal position for such a time as this?" (Esther 4:14).

...

We believe with all our hearts that it is God's timing to begin this school. Even amid darkness, we hold on to the light of His calling. The road ahead will not be easy, but we are standing firm in the belief that this school can become a place of hope, learning, and courage—a lighthouse for children and families desperately in need of reassurance and opportunity.

We ask you to please continue praying for the people of Haiti, especially the body of Christ, that they may be strengthened and encouraged. We also invite you to partner with us in any way you can as we prepare for this next chapter.

Together, and only by God's grace, we press forward.

With hope and determination.

Water Project Update

Morne Pelé Christian School is still actively coordinating and communicating with Living Water regarding the well for the school grounds. During our recent trip to Haiti, their team was working in another part of the country. However, we remain hopeful that they will soon be able to assist in digging a well not only for the school but also to serve the surrounding community, which is in great need of clean, accessible water.

Powering Hope

Morne Pelé Christian School currently has no electricity or internet access, which presents a major challenge as we prepare to open in October. We are praying and working toward installing solar panels to provide a sustainable source of power for the school. Your help is greatly needed through your financial support as we take this important step to equip the school for learning and growth. Together, we can bring light, literally and spiritually, into this community.

When donating you can specify which project you are contributing to. Follow the steps in the "How to give" section.

Thank you!
