Fiesta Travel Designs–"Rules for the Road"

In order to make our bus trips as pleasant as possible for everyone, following is a list of rules which were decided based on past trips and feedback received.

……..

1. When you **board the bus** on the day of initial departure, **choose your seat wisely**, as this is the place you must return to each time we get "on and off" the bus. If you are unhappy with your seat later, you are welcome to move to a seat that is empty, but **do not** move someone else's belongings to take their seat. If you tend to get **"car sick",** please advise us when you register for the trip, as we will do our best to accommodate those who need "reserved seating" near the front.

2. If there is **trash** you wish **to discard**, place it in a hanging bag near you, or hold onto it until our next stop and put into the trash bag in front of bus or a trash can at service station or restaurant. Don't put cups **with liquid or ice** into onboard trash bag, as this causes **spills** which can cause someone to fall. Wait and empty this when you get off bus. This will cut down on amount of trash in hanging bags – as this can restrict the bus walking path.

3. If you plan to listen to **music or videos** on your telephone, ipad, or dvd player, please use **earbuds** so as to not disturb others. When answering phone, **do not** put on "speaker". If you do not wish to hear a **movie/dvd playing on the bus**, bring some noise cancelling headphones or earplugs.

4. **Cups/tumblers** brought onto bus must have **secure lids so as to prevent spills** (and falls). If you purchase fountain drinks without secure lids, please transfer them to containers/tumblers/etc. with lids that are secure, if possible. Plastic or glass drink bottles with **screw on caps** are ideal.

5. When the bus stops at a location where we will **disembark**, stay seated until we come to a full stop, then wait for driver to get off bus first – as he/she must stand at foot of steps until all passengers are safely off. Same applies to re-boarding. If the driver is not at bus, **wait** for one of our team to open bus and assist passengers who need help with boarding.

6. When **disembarking**, we will always try to let the front and back of bus **take turns.** If it is your turn, please be ready to get off the bus as soon as possible.

7. If you put some of your belongings into **overhead bin**, make sure there are no items which will **fall out** (loose) when the bin is opened later.
