Parks and Rec minutes for 10/12/2026

attending: Tess, Rob, Sarah, Annie, Brandon

called to order 701pm

employees: Kylie

Guests: none

last meetings minutes: Tess motions to approve Sept minutes. Annie 2nd. Motion carries.

Conc stand: A. Tompkins provided a report but Rob forgot it. Overall, due to Annies and our volunteers efforts we are just into the black for the year. Not sure if we are in the black if we include our briefly employed employee's wages. We want to recognize our volunteers, Kylie will work on some ideas. We will have our new concession stand built for next year so we will need to figure that out, its been tough finding reliable and capable employees for this position.

Sports director: Volleyball started tonight. Discussed banners for sponsors, how we could do that better perhaps. Kylie tried to order soccer goals, but they are backordered. Jaycee wants to do job fair Nov 18th at the high school and wanted parks to participate. Playground repair parts are ordered. New volleyballs ordered.

Treasurer report: none tonight since Kayla was unable to attend.

Old Business:

Riverside: Public meeting w waterways at the armory building at 6pm Wed. Some of us plan to attend.

Bathrooms: Hoping to pour concrete next week! Rob will call Skywalker tree care to schedule them to raise limbs of maples over new bathroom building.

Skate park: Nothing new. JRS was down to do survey but paperwork part not done yet.

New Business: We need to look at our policy and procedure for the master plans. We need to read master plans for 2027 for memorial park. We may want to incorporate this officially this winter. Tess motions to provide a letter of support from our BOD to waterways in support of the Riverside non motorized boat launch proposal. Annie 2nd. Motion carries.

Sarah motions to adjourn meeting at 838pm. BG 2nd. motion carries.

Respectfully submitted,

Brandon Glaza
