

Sheet Follower-Bending Machine Front Support

- ▲ Saving labour
- ▲ Improve efficiency press brake machine
- ▲ Completely sync for both follower action and bending movement
- ▲ Suitable for various brand bending machine
- ▲ Independent system, No need to modify bending machine

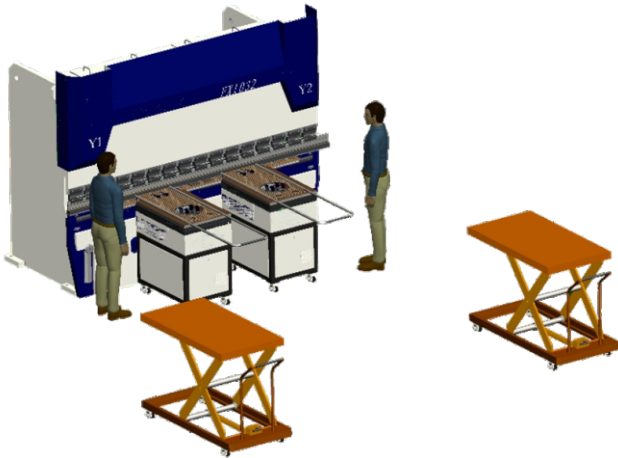

*Width 600mm extend to 1800mm
 *Length 800mm extend to 1700mm

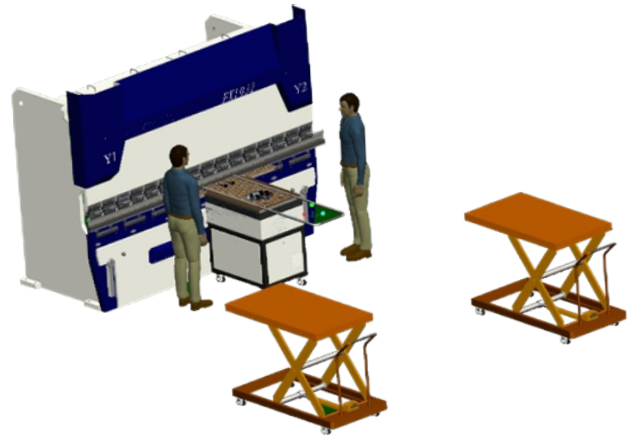

Machine Parameter	
Lift capacity	75KG
Worktable length	900 + mm
Worktable width	600 + mm
Slide movement	400mm
Max lift angle	45 degree
Work speed for lift	0~600 mm/s
Work speed for return	80-160 mm/s
Machine length	900 mm
Machine width	600 mm
Machine height	1150 mm
Power for main motor	4.0KW
Machine weight	330 kg

Sheet Follower-Bending Machine Front Support

▲ 2 Machines sync for big heavy sheet

Quick removing to be single machine working

▲ Traditional sheet support by hand
