Yoxheimer I think we need to wait until we have the spreadsheet with everything side by side before we keep going.

Yoxheimer we can retro approve the advertisement, we put that ad out, so we better approve that.
- *Retro Approve the advertisement for hiring an office assistant:*

MOTION made by Black to retro approve the advertisement for hiring an office assistant. Seconded by Yoxheimer and passed with a vote of four (4), with one (1) absent – *Strouse, Jr.*

Yoxheimer as far as naming a new secretary/treasurer, Amy, this has nothing essentially to do with you, as far as naming a new secretary/treasurer, but I want to have an executive session to go over some things about the entire hiring process that we are going through. I anticipate fully that you are going to end up being the secretary/treasurer, I want to alleviate any concerns that you might have why we didn't approve that tonight, but I would like to have that executive session prior to that. So, we won't follow through on that, unless someone wants to put it up for a vote, but if they do, I will have to vote no at this point until we have the executive session on Thursday.

Road:
- *Neitz Road tree removal:* I was asked to look into the price of just having them top the tree, and the price is the same because they have to bring in all their equipment.

MOTION made by Yoxheimer to allow Thunder Ridge to cut down tree for $1,700. Seconded by Black and with a vote of four (4), with one (1) absent – *Strouse, Jr.*

- *Hustler Super Z purchase:* I reached out to Bestline and they were more expensive then Buffalo Valley. Buffalo Valley was the cheapest at $16,798.69

MOTION made by Yoxheimer to approve the purchase of the Hustler Super Z mower in the amount of $16,798.69. Seconded by Black and passed with a vote of four (4), with one (1) absent – *Strouse, Jr.*

- *Clarification on upfit of new pickup truck:* I just wanted to know if you want me to pay for the upfit of the truck now. We can pay for that now before we get the truck. That includes the backrack, plow, light bars, light upgrade, lights in the grill, includes a new road measuring device because ours is obsolete, bedliner, the biggest expense is the plow.

  Rowe I remember us talking about, didn't we say that we are just using the plow from the other truck. (**Wehry** um)

  Yoxheimer I don't think it will adapt to that.

  Rowe you'd have to get a new frame.

  Wehry the plow mount is the expensive part. The plow itself is only $2,700.

  Rowe I just bought one for my truck for $500.

  Wehry this is a bigger truck, bigger plow.

  Rowe I would look into a little more. Look into it and see.

  Wehry the plow itself is $2,700, the plow mount is $6,000

  Rowe well if your positive that the bracket costs that much, then you may as well just get the plow.

  Wehry Bradco is historically who we have always used.

  Rowe then lets go ahead and make a motion and get this done with.

MOTION made by Yoxheimer to allow the Roadmaster to purchase the upfit of the truck for $19,086.45. Seconded by Black and passed with a vote of four (4), with one (1) absent – *Strouse, Jr.*

Wehry discussed a program that Asphalt Zipper put out for an engine reuse and trade in program for zippers. Trade in our zipper, and have our engine installed on a new 2027 zipper, ending cost with credits would cost us $250,000. Our current engine has 180 hours on it.

Yoxheimer my thought is if our machine would be beat up, and half falling apart, I would consider it, but yours is still in good shape.
