SAVE TIME AND MONEY
ON PRINTER MAINTENANCE

KEEP YOUR OFFICE UP AND RUNNING

Approximately 80% of maintenance calls for desktop printers, copiers, and multi-function printers involve the replacement of Maintenance Kits and Transfer Kits, both of which are easy to replace. In fact, the device tells you when it's time for maintenance.

You can call a technician and pay for parts and labor, or you can purchase and install the parts yourself for savings of up to 50%.

We have them in stock and ready to ship!

KEY BENEFITS:

- Certain parts have a recommended replacement interval and are designed by the original manufacturer to be simple to replace
- Environmentally friendly solution
- Your printer tells you when to replace parts like rollers and fusers
- Parts are easy to install and come with simple instructions
- Supply status page shows you the life remaining on parts
