Re: Annual Drinking Water Quality Report for 2021

Dear Members,

Enclosed is a copy of "The Annual Drinking Water Quality Report for 2021." This report is derived from the monthly water testing and purification of our water system, in conjunction with The Columbia County Health Department. Again, our water supply has met the NYSDOH standards for consumption and use.

Due to COVID, the Columbia County Department of Health was unable to conduct an annual inspection of the Taconic Shores public water supply. Their last inspection occurred on December 9th, 2020. In their report they stated our "bacteriological samples collected monthly and quarterly have been of a satisfactory sanitary quality". They concluded their report with complimenting Bucky Hosier and Devon Rueger for their diligence in maintaining and operating the water supply in a satisfactory manner.

We too, wish to thank our maintenance team for their diligence and dedication to maintaining and operating the water supply in a satisfactory manner. If you have any questions regarding this report, please contact Lester (Bucky) Hosier at 518-329-2881.

Cordially,

Robert Weingaertner
President, TSPOA
Board of Directors

Encl: Annual Drinking Water Quality Report for 2021
