The Seacoast Artists Gallery has finally filled a Host vacancy; however, people are needed to fill in on short notice. People who are already members of the Gallery, are being asked to help when we need help. We can even split a day if necessary. Those filling in for an eight-hour shift will be credited $25 toward your next contract renewal. There is no limit on credits up to the max of $350 a gallery half. Once enough names are collected, we will hold a class and distribute keys. Contact me if you can help out on occasion.

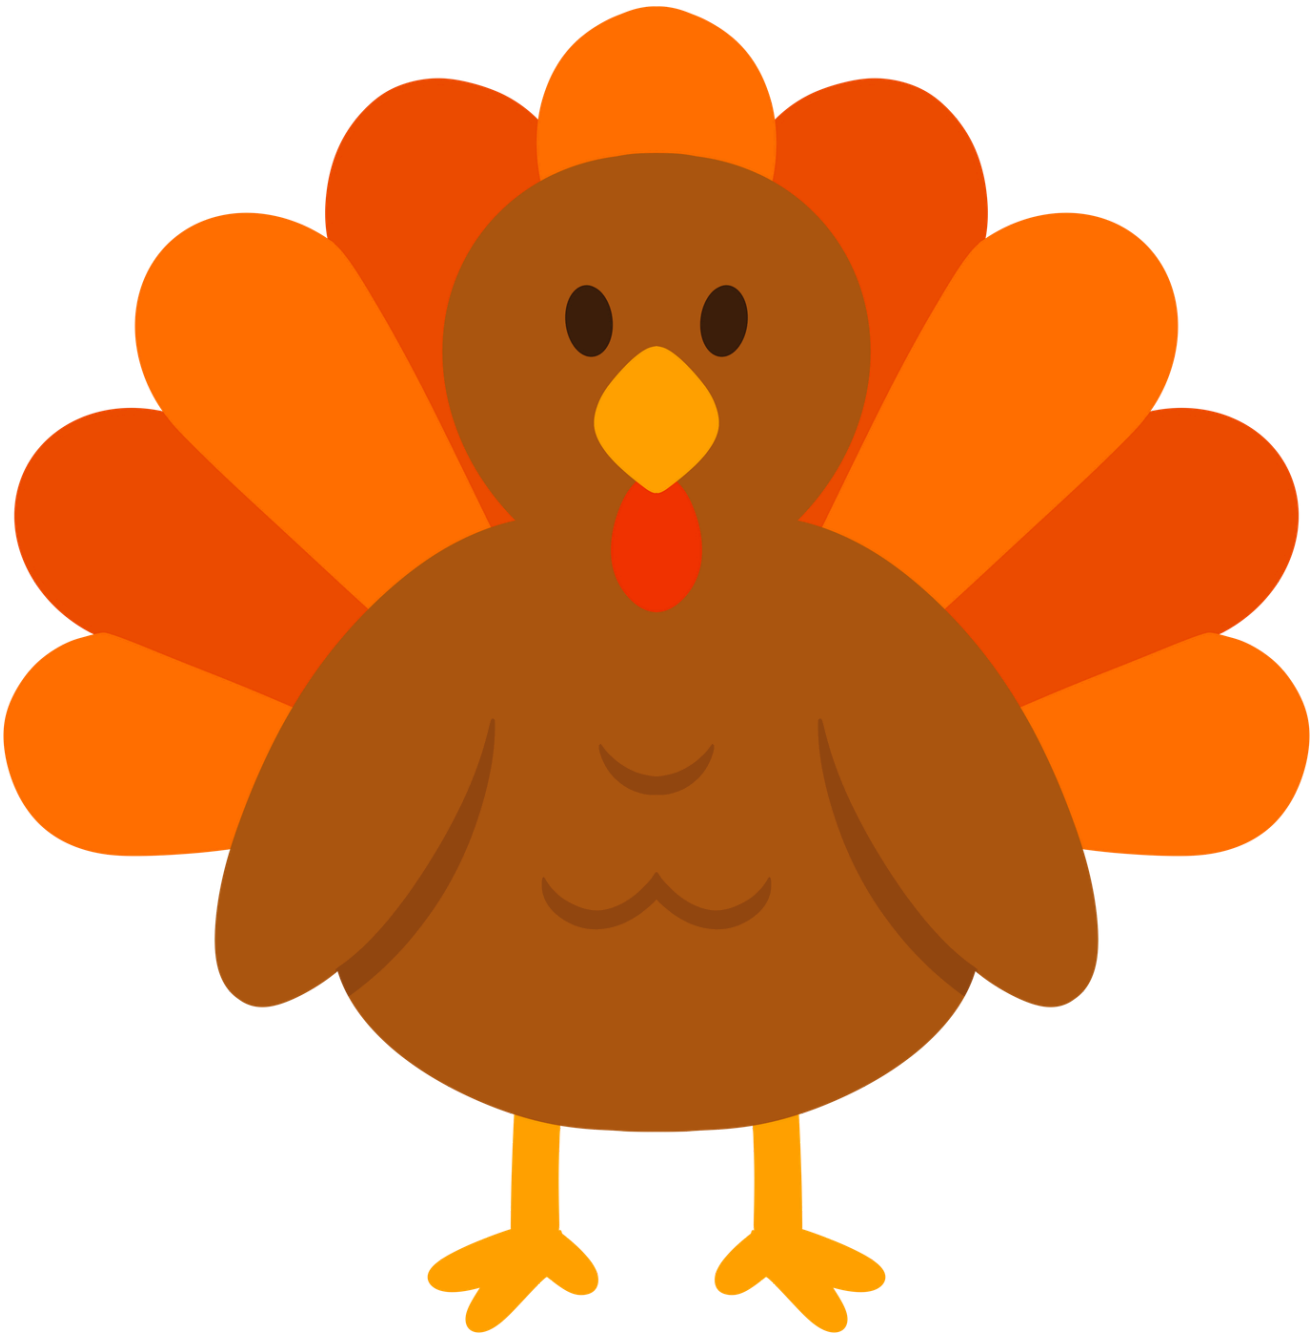
We hope to decorate the Gallery about mid-November and Gallery members may hang crafts on our Christmas trees, on a space available basis. There will also be a few larger tables for larger Christmas Crafts. Remember that all Gallery members are invited, so limit your numbers.

The Board of Directors is already working on the Guild's Spring show, which we are projecting for sometime in mid-April. More to come in upcoming newsletters.



Happy Thanksgiving
