Nightclub Security Shift Checklist

Pre-Shift, During Shift, and Closing Safety Checklist for Nightclub Security Teams

Use this operational checklist to prepare security staff, monitor risks, and manage incidents in nightlife venues. Review the items before every shift to help prevent fights, control crowds, and maintain a safe environment.

Section	Checklist
Pre-Shift Preparation	■ Review expected crowd size ■ Confirm guard assignments ■ Identify high-risk areas ■ Test radios and earpieces ■ Confirm emergency exits ■ Review banned guest list ■ Inspect entrance screening
Entrance Security	■ Verify guest IDs ■ Watch for fake IDs ■ Identify intoxicated guests ■ Monitor entry lines for arguments ■ Conduct bag checks if required
Crowd Monitoring	■ Observe dance floor density ■ Monitor bar areas for arguments ■ Watch aggressive body language ■ Check restroom corridors ■ Monitor VIP areas
Conflict Prevention	■ Identify raised voices ■ Position guards near conflicts ■ Separate arguing guests early ■ Maintain a visible security presence ■ Communicate with the team via radio
Incident Response	■ Separate individuals during fights ■ Escort aggressive guests out ■ Clear surrounding crowds ■ Provide medical assistance if needed ■ Contact law enforcement if necessary
Closing Procedures	■ Monitor crowd behavior at closing ■ Guide guests safely toward exits ■ Watch for fights outside the venue ■ Assist intoxicated guests with rides ■ Ensure exits remain clear
