COMMUNITY PLANTING DAY
SUNDAY OCT. 25th | 9AM- 12:30PM

Join us for a hands-on community planting day at our Upper Ojai farm. Together, we'll learn practical skills for thinning, densifying, replacing, and expanding established plantings, with techniques you can apply in your own garden, farm, or community.

Come get your hands in the soil, learn alongside others, and help us nurture what's growing while making space for what's next.

Agroforestry Series

Practice practical skills that are applicable in a range of scales. We are converting a conventional dehydrating monocrop orchard into various diverse, multi-purpose, hydrating agroforestry systems, silvopastures, and interconnected wetlands. This is your opportunity to be a part of it.

PHP Grant Community Planting Day 2 Recap

We hosted another beautiful day of community planting. Such a sweet day of getting our hands in the soil, learning together, and connecting with the land. We planted new silvopasture systems and expanded our agroforestry strips, exploring ways to build healthy soil, hold water, and support biodiversity. Grateful for everyone who came out to plant, learn, and grow with us.
Our next Community Planting Day is October 25th
