ACCOUNTANT'S COMPILATION REPORT

To the Supervisors
Coquina Water Control District
Okeechobee, Florida

Management is responsible for the accompanying financial statements of Coquina Water Control District, which comprise the balance sheet - governmental funds as of October 31, 2021, and the related statement of revenues and expenditures - governmental funds for the one month then ended in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy of completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's fund balance and changes in fund balance. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The accounting principles generally accepted in the United States of America requires that the District record accounts receivable, accounts payable, and inventory. Management has informed us that the District has not recorded accounts receivable, accounts payable, and inventory in accordance with the accounting principles generally accepted in the United States. Management has not determined the effects of these departures on the financial statements.

The annual budget information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management. The budget information was subject to our compilation engagement. We have not audited or reviewed the budget information and do not express an opinion, a conclusion, nor provide any assurance on such information.

The District was incorporated on June 23, 1971, under the provisions of Chapter 298, Florida Statutes, as a governmental unit.

We are not independent with respect to Coquina Water Control District.

REGULAR MEETING MINUTES
OF THE
BOARD OF SUPERVISORS OF
COQUINA WATER CONTROL DISTRICT
OCTOBER 7, 2021

Pursuant to published Notice, the Board of Supervisors of Coquina Water Control District (the "District") held its regular meeting on Thursday, October 7, 2021, at the Chandler Community Center, located at 20350 US Highway 98 North, Okeechobee, Florida 34972.

Present at the meeting was Supervisor, David Law and Supervisor, Robert Stark. Supervisor, Michael Vincent was not present.

Superintendent, Howard Sensaboy, was also present. Engineer.

ROLL CALL

Mr. Stark called the Board of Supervisors meeting to order at 9:31 a.m..

ESTABLISHMENT OF A QUORUM

Mr. Vincent announced that a quorum was present and that it was in order to consider any business to properly come before the Board.

Mitch Teardo was sworn in as the new Supervisor, replacing Robert Stark. Mr. Teardo executed the Oaths of Office (copies attached).

Mr. Law made a motion to nominate Mr. Vincent as Chairman of the Board. This motion was seconded by Mr. Teardo and same was unanimously passed.

Mr. Vincent made a motion to nominate Mr. Law as Treasurer of the Board. This motion was seconded by Mr. Teardo and same was unanimously passed.

Mr. Vincent made a motion to nominate Mr. Teardo as Secretary of the Board. This motion was seconded by Mr. Law and same was unanimously passed.

Mr. Vincent stated the Board unanimously agreed to rehire Bruce Watford.. ***Mr. Vincent made a motion to rehire Bruce Watford to begin on Monday, October 11, 2021. Mr. Watford will receive the same pay, with a three percent (3%) cost of living raise. Mr. Law seconded that motion and same was unanimously passed.***

Mr. Vincent stated there has been discussion to hire a full time secretary. After much discussion by the board, it was agreed that Kent Malinowski will put together an ad description and present same to the Board at its next meeting.

Mr. Teardo asked if the Board can meet every week or every other week for the next few months, until he is brought up to speed on everything. The board agreed to meet bi-weekly, with the next meeting being held 10/21.

ACCOUNTANT'S REPORT

Mrs. Williams was not present.

ATTORNEY'S REPORT

Mr. Fitzpatrick was not present.

ENGINEER'S REPORT

Mr. Clemons was not present but provided the board with his monthly report (a copy of which is on file at Wicks Brown Williams office).

SUPERINTENDENT'S REPORT

Mr. Vincent asked Mr. Sensaboy what accountability there is for new culverts that are purchased by the District. Mr. Sensaboy stated he has a log the specifies who receives a culvert and when. He also provides the CPA with a list each month of how many culverts are in stock. Mr. Vincent feels some of these culverts do not need to be replaced. Mr. Sensaboy explained there is a culvert policy he follows. He inspects the culvert to determine if it meets Coquina's specs & whether it is grand fathered in. If not, he sends the landowner(s) a letter, giving them 90 days to replace their culvert with one that is the correct size. If they fail to replace their culvert, Coquina replaces it with one that is the correct size.

Mr. Sensaboy gave a report to the Board of what has been accomplished within the District in the past five (5) years:

1. A mile and half of road has been shelled;
2. 78 miles of ditches have been cleaned;
3. 150 miles of ditches have been cut with the boom mower;
4. Completed two (2) digs at the shell pit;
5. Six and a half (6 ½) miles of canals have been reconstructed;

6. Installed ninety-eight (98) canal culverts that are required for the five year water plan;
7. Fifteen (15) miles of road have been reconstructed

Mr. Sensaboy stated he hopes to double that list over the next five (5) years. Mr. James Griffith said it's a five (5) year cycle. The canals, swales & boom mowing should be completed every five years. Mr. Sensaboy stated there's only so much that can be done with one machine. He stated a lot of the ditches have been neglected for so many years and with approximately 500 miles of ditches, it's going to take time to get them all cleaned. It's not realistic to say approximately 500 miles of ditches can be maintained every five years, until all the canals are reconstructed, all the ditches are cleaned out & at the correct elevation. His plan is to correct the neglect from over the past fifty years and then maintain a five year cycle. Mr. Griffith questioned why Coquina has been in business for fifty years and is still playing catch up. Mr. Sensaboy explained when he started working for Coquina eighteen years ago, the only thing employees did was spray canals. There was no maintenance of the ditches or roads and therefore the neglect from all those years needs to brought into compliance before he can implement any kind of maintenance schedule. Mr. Kent Malinowski asked if it is a manpower issue or an equipment issue. Mr. Sensaboy and Mr. Law stated it is a manpower issue. Mr. Law stated that the City of Port St. Lucie is 78 square miles and has thousands of employees. CWCD is 25 square miles, one third the size of Port St. Lucie, and only has six employees. Mr. Law stated that short of raising the taxes, there is only so much that can be done with the number of employees there are and the current budget.

APPROVAL OF MINUTES & WARRANTS

Mr. Vincent made a motion to approve the Warrants and Minutes from September 2021. That motion was seconded by Mr. Law and same was unanimously passed.

The next board meeting is scheduled for October 21, 2021 at 6:30 p.m. This meeting was adjourned at 10:51 a.m..

MINUTES OF SPECIAL MEETING
OF THE
BOARD OF SUPERVISORS OF
COQUINA WATER CONTROL DISTRICT
OCTOBER 21, 2021

Pursuant to published Notice, the Board of Supervisors of Coquina Water Control District (the "District") held a special set meeting on Thursday, October 21, 2021, at the District Office located at 17429 NW 242nd Street, Okeechobee, Florida 34972.

Present at the meeting was Supervisor, David Law and Supervisor, Mitch Teardo and Supervisor, Michael Vincent.

Superintendent, Howard Sensaboy, was also present.

ROLL CALL

Mr. Vincent called the Board of Supervisors meeting to order at 6:31 p.m..

ESTABLISHMENT OF A QUORUM

Mr. Vincent announced that a quorum was present and that it was in order to consider any business to properly come before the Board.

Mr. Vincent made a motion to approve the 2021/22 Budget. Mr. Law seconded that motion and same was unanimously passed.

Kent Malinowski from the Steering Committee has offered to help with the hiring process for a secretary. Mr. Malinowski had the Board complete a worksheet prioritizing various tasks that a secretary would need to complete each week. There was discussion by the Board as to why a secretary is needed and what would be her responsibilities.

Mr. Law stated he does not feel the District needs a secretary but rather needs another operator. Mr. Law stated he does not feel hiring a secretary would benefit more work getting done in the field.. Landowner, James Griffith, spoke up and stated there is no organization and no schedule. He does not feel more operators need to be hired or more equipment needs to be purchased but rather things needs to be run more efficiently. Mr. Malinowski stated Mr. Sensaboy seems to have a "catch up" plan and a "maintenance plan". He further stated if Mr. Sensaboy can spend less time on administrative duties and more time on his plans, what would be the return on that investment. He will work on conducting that analysis. Mr. Law stated everyone seems to forget the size of the District and the manpower it has. He said for example,

the City of Port St. Lucie is seventy-eight square miles and has approximately 500 employees who work on roads and drainage. Coquina is twenty-five square miles, only one-third the size but has just six employees working on roads and drainage. There is only so much that can get done with the manpower Coquina currently has. Mr. Malinowski stated the community wants to see a plan in place. He suggests the steering committee communicate its expectations to the Board for the next twelve months and then the Board can say whether those expectations are reasonable. We will then have a meeting to get on the same page.

The Board discussed and agreed that Mr. Sensaboy needs to start advising each of them every Monday, Wednesday & Friday as to what work is scheduled to be done and what is being completed for that week.

SUPERINTENDENT'S REPORT

Mr. Sensaboy stated the drags are ordered and should be in any day. He asked the Board to go ahead and give Lauren Crooks a two dollar per hour raise, as agreed upon at a previous meeting. ***Mr. Vincent made a motion to give Lauren Crooks a two dollar ($2.00) per hour raise, effective immediately. Mr. Law seconded that motion and same was unanimously passed.***

The next board meeting is scheduled for November 10, 2021 at 6:30 p.m. This meeting was adjourned at 7:52 p.m..
