Patrick Abbott CNPR

Chairman 2D Global Innovative Solutions
The Woodlands, Texas

Hello,

My name is Patrick Abbott, I hope you are well. I represent 2D Global, Progress Medical Partners and LNC Medical Group, designed to optimize your office through a variety of services.

Think of us as your “one stop shop” with the intent to make your life easier. We work directly with insurance companies to pre-authorize treatment supplies and optimize product systems with several manufacturers to ensure expedited care for the patient.

Pre-authorization with accredited manufacturers and lab groups, means less work for your office staff, guaranteed CPT code reimbursement, faster and better outcomes, continuum of patient care, as well as increased revenues for your practice. BEST of all, these services are FREE of charge.

I have attached a brief of my background and a few website addresses for review and exciting browsing into my world of product and system development.

I would like to share a few thoughts and identify the potential for us to work together.

My Linkedin address is listed and I invite you to read some of the historical recommendations from my nearly thirty (30) years of industry experience.

Over the past thirty years, I have seen the launch of nearly every “new” and “best” program, and this is the most practice supportive I have seen.
